## Jackie Visits Gandhi Shrine

### New Delhi Gives Mrs. Kennedy Warm Welcome

NEW DELHI, India (AP) — Mrs. John F. Kennedy kicked off her white leather pumps, slid her feet into gold-trimmed, violet, velvet slippers and paid tribute Monday at the shrine of Mohandas K. Gandhi.

"It was a very warm and moving experience," she said later. While thousands of Indians watched, the American First Lady placed a wreath of white roses at the concrete slab where Gandhi, the Indian independence leader, was cremated 14 years ago.

Tens of thousands in all walks of life welcomed Mrs. Kennedy to India. She is making a nine-day semi-official visit — her first abroad on her own — and then will go to neighboring Pakistan. Crowds gathered wherever she went throughout the day.

**100,000 Line Route** — Mrs. Kennedy has had triumphs in the capitals of Western Europe while accompanying her husband, President Kennedy, but the size of New Delhi's response to the 32-year-old good-will emissary was unexpected.

U.S. officials who had a part in the planning of Mrs. Kennedy's three-postponed journey to India chalked up the enthusiastic welcome as a big success.

New Delhi police estimated slightly more than 100,000 persons gathered along the seven-mile route from the airport to see her and on her arrival from Rome.

Jay Gildner, assistant White House press secretary who is accompanying the First Lady, told newsmen of Mrs. Kennedy's reactions to the day's events.

**Impressed By Welcome** — He said she was impressed by the warmth of the greetings and the colorful atmosphere. She particularly noted hundreds of schoolboys in blue shorts and shirts and pigtailed schoolgirls who joined in the applause as she passed.

Peasants came from surrounding villages even though there had been little publicity for Mrs. Kennedy.

She sipped two cups of tea with India's President Rajendra Prasad in his massive, 340-room sandstone residence, originally built for the British viceroys of India.

Strolling through his formal garden, a riot of color at the height of the flower season here, she suggested the White House could learn lessons from Prasad's gardeners.

**Steel-Union Talks Will Resume Today** — PITTSBURGH (UPI) — Steel industry and union negotiators resume meeting here Wednesday at the request of President Kennedy in an effort to reach agreement on a new contract for basic steel workers.

The United Steelworkers Union and the industry bargaining team headed by R. Conrad Cooper of U.S. Steel Corp. were expected to resume talks at 10 a.m. EST. The talks broke off here last March 2.

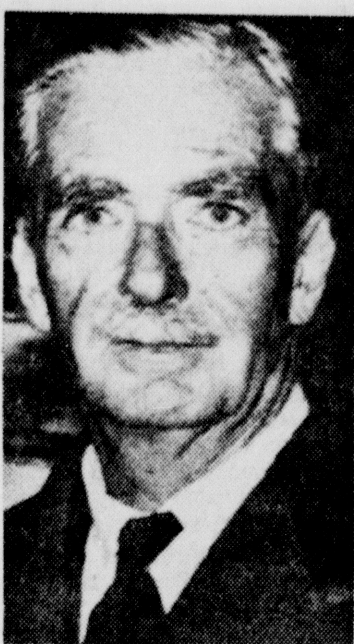

**Kennedy To Address Senior Citizens Rally** — WASHINGTON (UPI) — President Kennedy Monday accepted an invitation to speak at a giant rally May 20 in New York's Madison Square Garden in support of his medical care for the aged program.

The rally will be staged by the National Council of Senior Citizens and the Golden Ring Clubs.

**Soviets Continue Berlin Air Lane Harassment** — BERLIN (UPI) — The Soviets carried out new harassments in the Berlin air corridors Monday despite American threats of "firm" counter-measures and warnings that such tactics could endanger the cold war and disarmament conferences in Geneva.

The Russians, in a switch which sharpened the danger of collisions in the air lanes over East Germany, scheduled flights by military transports to coincide with western commercial flights. The new Russian tactic was considered even more dangerous than outright buzzing since it meant in theory that Soviet and Allied planes would be in the same place at the same time.

Western sources viewed the move as an attempt by the Russians to put pressure on the Big Three foreign minister talks in

### UNDERGOES SURGERY —

A non-malignant growth was removed yesterday from the chest of the Earl of Avon (above), former British Prime Minister Sir Anthony Eden, in an operation performed by a surgeon of Boston's Lahey Clinic. The lesion was described as benign, which means not cancerous. (AP Photofax)

## Lord Avon's Condition Good After Surgery

BOSTON (AP) — Former British Prime Minister Anthony Eden, now the Earl of Avon, 64, underwent an operation Monday in which a surgeon removed a non-cancerous growth from his chest.

The Lahey Clinic had originally announced the operation as exploratory, after a lesion had been discovered in Lord Avon's chest during a health checkup.

But at the conclusion of the operation at the New England Baptist Hospital which is affiliated with the clinic, it was reported that the surgeon had removed the tissue. The earl was reported in good condition after the surgery.

The clinic's 27-word statement said, simply: "A benign intrathoracic lesion was removed by Dr. Herbert D. Adams of the Lahey Clinic. Lord Avon's condition is good. A bulletin will be issued in the morning."

Benign means nonmalignant, and intrathoracic means within the chest.

Lord Avon was returning to England from a vacation in the West Indies when he decided to detour to the Lahey Clinic for a checkup. He arrived a week ago with his wife, the former Clarissa Churchill, niece of Sir Winston Churchill.

**Kennedy Mother In Hospital For Operation Today** — BOSTON, Mass. (AP) — Mrs. Rose Kennedy, mother of the President, entered St. Elizabeth's Hospital Monday in preparation for what was described by hospital officials as a major operation Tuesday.

A hospital spokesman said the operation involves repair of a pelvic hernia. Dr. Roy Heffernan, a Boston specialist, will perform the surgery.

Members of the family are expected at the hospital Tuesday, the spokesman said.

It was not determined, however, whether the President would be present.

Joseph P. Kennedy, father of the President and former ambassador to Great Britain, is convalescing in Palm Beach, Fla., from a stroke.

## Hodges Calls For Approval Of Trade Bill

### Commerce Chief Would End Tariffs On Some Products

WASHINGTON (AP) — The Kennedy administration opened a new phase of its drive for passage of a major new trade program Monday with a pitch by Secretary of Commerce Luther H. Hodges.

"We are going to have to face a Communist economic offensive and I think it is essential to have free world unity," Hodges said.

Hodges urged the House Ways and Means Committee to look with favor on President Kennedy's proposed five-year trade expansion proposal, which could wipe out tariffs completely on some major products and perhaps avoid a trade war among Western nations.

### New Authority For President

The trade bill, one of Kennedy's main legislative proposals, would give the president special and wide-ranging authority to bargain with the booming European Common Market. This group of half a dozen West European countries is eliminating internal tariffs while maintaining a wall against goods from outside.

Hodges, a former textile industry executive who said he spoke as a businessman, told the committee the Common Market was a fact of life and so was the United States' \$7-billion stake in West European trade.

He said exports accounted for 8.5 per cent of U.S. sales and "as a businessman, I would say that the loss of a customer accounting for one-twelfth of sales would be for many companies the difference between operating at a profit and operating at a loss."

### High Labor Costs Offset

While U.S. wage scales are the world's highest, Hodges said, "Our advantage in cost of materials—oil, coal, iron, wood, agricultural goods, for instance—is so great as to offset our competitors' advantage in labor costs."

"There is good reason to believe," he said, "that we can easily price ourselves into world markets rather than out of them."

Hodges ticked off a list of products that might, but not necessarily would, become tariff-free under the Kennedy program.

The list included automobiles, cameras, coal, furs, aircraft, farm machinery and rail equipment, metalworking machinery, chemicals, office machinery and tobacco products.

## Kennedy Irks Smathers' Foes

MIAMI, Fla. (AP) — Democratic opponents of Kennedy at a party dinner are telling the President they are unhappy about his "intervention" in a primary.

The President, addressing a fund-raising gathering of more than 3,000 in Miami Beach Saturday night, gave his blessings to Sen. George Smathers and Rep. Dante Fascell, running for reelection.

Douglas Voorhees, Miami, opposing Smathers in the May 8 primary, said he sent Kennedy a telegram before the dinner urging him not to take sides in a Democratic campaign.

"I am not surprised that the President ignored this," Voorhees said Monday. "He is building up his political power at the taxpayers' expense. At this rate, he soon will be known as King John."

Voorhees attended the \$100-a-plate dinner, although he was not included in the printed guest list. Roger L. Davis, Fort Lauderdale, also opposing Smathers, announced he was preparing a message of protest to the President.

**22 Americans Held In Cuban Prisons** — MIAMI, Fla. (AP) — The Miami News, quoting a U.S. State Department spokesman in Washington, reported Monday 22 Americans, including a Baltimore man, are in Cuban prisons.

The Baltimorean was identified only as Eustace Danbrunt. The State Department spokesman expressed concern about the prisoners' food supply, the News said.

## Powers' Friends Move In

Following a homecoming ceremony at Big Stone Gap, Va., yesterday afternoon, Francis Gary Powers conducted a press conference that soon turned into a handshaking contest. Friends moved in ahead of the newsmen to see him. More than 800 Wise County (Va.) people were on hand to welcome home the U2 pilot, recently released by the Soviet Union. (AP Photofax)

## Not Sure Salt Killed Infants, Hospital Says

BINGHAMTON, N.Y. (AP) — The medical director of Binghamton General Hospital declined Monday night to say whether salt poisoning caused the deaths of seven babies, including one Monday, at the city-owned institution.

One of the infants was not given formula containing salt, he said. Ten other babies given the salt were ill, four in critical condition.

Salt, instead of sugar, was used in formulas.

"We are not sure whether sodium intoxication was responsible for these deaths," Dr. Jason K. Moyer, the medical director, said at a news conference.

He said the cause of the deaths will not be known until autopsies and laboratory tests are completed.

Dr. Moyer said 17 other infants who had been in the hospital during the time formulas containing salt were given had been discharged.

He said three types of formulas were prepared at the hospital, two containing granulated sugar and one containing dextrin-maltose. Pediatricians prescribe the type of formula to be given a baby, he said.

Dr. Moyer said one of the dead babies was given a formula containing the dextrin-maltose.

A practical nurse who was questioned about the salt, which was found in a sugar can, denied she had done anything wrong.

The sugar can was in a room where the feeding formula is mixed. The salt apparently was used in the formula. A high concentration can cause heart failure and brain damage.

The nurse, Lillie Colvin, 29, pregnant mother of three, who filled the sugar can last Tuesday, was not charged but issued a statement saying: "I can understand the heartache suffered by the parents. I have done absolutely nothing wrong. My prayers and sympathy are with the parents."

She said she was sure she had filled the formula can from a larger sugar container that stands next to a salt container, both labeled, in the hospital's main kitchen. The hospital has suspended her, pending further investigation.

Four-day-old Michele Dawn Bowser, daughter of Mr. and Mrs. Charles Bowser of Binghamton, was the latest to die. Doctors fought to save her and the other, in critical condition by trying to eliminate the salt from their blood.

**JFK To Tour Missile Sites At Vandenberg** — WASHINGTON (AP) — The White House announced Monday that President Kennedy will inspect missile sites at Vandenberg Air Force Base in California on March 23.

Kennedy will go to Vandenberg in the afternoon after receiving an honorary degree and delivering a speech at Charter Day ceremonies of the University of California at Berkeley.

Vandenberg, near San Luis Obispo, Calif., is the home of the first strategic aerospace division of the Air Force.

## Cuba's Castro Decreases Food, Soap Rationing

KEY WEST, Fla. (AP) — Prime Minister Fidel Castro Monday night decreed rationing of a number of foods in greater Havana and soap rationing for all of Cuba's principal cities.

Castro, seen on television here, blamed "the brutal economic blockade" and counter-revolutionary elements for the scarcities now plaguing Cuba. He referred to the U.S. embargo on nearly all shipments to Cuba.

Food to be rationed in the Havana area, he said, includes lard, cooking oils, beans, chicken, fish, eggs, milk and vegetables. The soap rationing will include toilet and laundry soap and detergents.

**Algerian Truce Snag Ironed Out** — EVIAN, France (UPI) — French and Algerian rebel delegates met for eight hours Monday to iron out differences which threatened to prolong agreement on a cease-fire in Algeria.

French delegation sources said "genuine progress" was made. There was no immediate comment from the Algerians.

Earlier in the day, conference sources said the peace talks had run into a series of snags which dimmed hopes for a cease-fire agreement by the unofficial target date of Wednesday.

But following the two sessions Monday — a three-hour morning meeting and a five-hour afternoon meeting — some sources optimistically predicted the negotiations might be concluded by Tuesday.

Well-informed sources said the two delegations have agreed on the members of a provisional executive, including the man to head the body which would oversee Algeria during the transitional period before full independence.

The two delegations were reported in near agreement on the choice of a commander for the local Moslem security force which would maintain law and order during the interim period.

Powers said he felt "a lot of people were saying a lot of words about something about which they knew nothing."

He said pictures released immediately after his capture by the Russians were said not to show the wreckage of his plane. "But the plane I saw in Moscow was the U2," he said.

Powers said both wing and tail sections were intact. The plane was shot down over Russia in May 1960.

He said the welcome made up for his ordeal. "I hope people realize I'm a normal man who has done a job," he said.

Powers told the gathering he had "heard you wanted to do this even before the Senate committee hearing was completed and my name was more or less cleared."

**Standing Ovation Given Powers By Va. Neighbors** — BIG STONE GAP, Va. (AP) — U2 pilot Francis Gary Powers, vindicated by Congress and the Central Intelligence Agency, received a standing ovation Monday from his Virginia neighbors.

"I'm very thankful to all of you who had a part in this," he told some 800 Wise County residents attending the welcome home ceremonies at the National Guard Armory.

"I don't have words to express my feelings," he said.

His mother and father sat to the right of the platform while Powers made his brief talk.

His father, Oliver Powers, a shoe repairman, blinked back tears during the program, which lasted less than an hour. Mrs. Ida Powers frequently clasped her son's hand.

Later, talking with newsmen, name was more or less cleared."

## Move Makes No Mention Of Controls

### West Cool To Ideas Offered In Gromyko Letters To U Thant

GENEVA (AP) — The Soviet Union indicated Monday it will propose sweeping, uncontrolled abandonment of nuclear weapons over wide areas of the world. Russian sources said the plan would be presented at the opening of the 17-nation disarmament conference Wednesday.

The Western powers, although given no advance warning of this Russian move, immediately cold-shouldered the idea, considering it an attempt to put them on the defensive.

"The Soviet proposals appear to be along familiar lines and have been made before," said a U.S. official.

The form of the Russian move was unusual. The ideas were contained in letters Soviet Foreign Minister Andrei A. Gromyko sent to U Thant, U.N. acting secretary-general, in New York March 10.

The two letters were made public Monday by the Soviet news agency Tass.

Gromyko, however, did not mention this subject during a three-hour conference with Secretary of State Dean Rusk at the Soviet villa above Lake Geneva.

**Berlin Problem Discussed** — Informants said they talked mainly about the Berlin problem, but parted with the understanding they will continue their search Tuesday for some common ground.

Knitting together old Kremlin ideas, Gromyko in two letters to Thant proposed the convening of a special international conference soon to draw up a convention prohibiting the use of nuclear weapons and the destruction of all stockpiles.

He also endorsed proposals previously made by other nations for atomic-free zones in Central Europe, Africa and the Far East.

These proposals avoided the question of controls, which are demanded by the West.

The Russians did not spell out how their sweeping prohibitions would be enforced to prevent cheating.

As if acting in concert, Foreign Minister Adam Rapacki of Communist Poland arrived for the disarmament conference and immediately urged adoption of his plan for a nuclear-free zone in Central Europe. He told reporters his plan, first advanced several years ago, was not foolproof but would be a major step toward disarmament. He will ask that it be placed on the conference agenda.

**Pledges Proposed** — The Soviet proposals also included a promise never to use nuclear weapons and never to hand them over to other powers. Countries not now having such weapons would promise not to develop or acquire them.

The Russian proposals were made in the context of U.N. resolutions sponsored by Sweden, Ireland and Ethiopia. The resolutions urged steps to halt the spread of nuclear weapons and to prohibit their use.

For this reason the West could not publicly brand the timing of the Soviet letters as a pure propaganda move.

The American reply to the U.N. resolutions is expected shortly. Informants predicted the reply would stress that present legislation requires the United States to maintain complete control and supervision of American nuclear weapons.

**Strike Ballot Set By Big Rail Union** — CHICAGO (UPI) — The firemen's union Monday ordered a strike vote against the nation's railroads to strengthen its hand in work rules negotiations against proposed changes that eventually would eliminate 40,000 fireman jobs.

H. E. Gilbert, president of the Brotherhood of Locomotive Firemen and Enginemen (BLFE), announced that strike authorization ballots would go out to the union members about April 1.

Gilbert said the strike ballot would ignore the recommendations of a presidential railroad commission and be based on the carriers' original demands—made on Nov. 2, 1959—for an overhaul of work rules.

**News Conference** — WASHINGTON (AP) — President Kennedy Monday scheduled a news conference for 3:30 p.m. EST Wednesday.

## Soviet Ability To Wipe Out U.S. Expected Soon

LONDON (AP) — Air Minister Julian Amery chilled the House of Commons Monday night by saying he believed the Soviet Union quite soon will be able to annihilate the United States.

But Amery made clear the Russians have no such capability at present, while the United States does have the power to wipe out the Soviet Union right now.

The minister, speaking during a debate on the Royal Air Force, said he and his colleagues believe any attack on the West at this time would be launched by manned aircraft rather than missiles. And he said tests of British and American defenses show enough enemy planes would get through to devastate both nations.

"We have carried out a number of exercises of (Britain's) bomber command against both United Kingdom air force defenses and the much more elaborate air defense of the North American continent," Amery said. "They show that the defenses will take a toll of attacking aircraft but that at present enough would get through to inflict unacceptable damage upon their target."

When a Laborite legislator voiced the opinion that the United States and the Soviet Union now are equally balanced in nuclear strength, Amery snapped:

"There is not nuclear parity. Russia could not destroy or annihilate the United States in the way the United States could annihilate the Soviet Union."

"I think they will be able to quite soon, but not yet."

Amery argued that Britain must retain its own independent nuclear deterrent in preparation for the time when the Russians can hit the United States as hard as the Americans can hit the Soviet Union—the period of nuclear equipoise.

**Dutch, Indonesia Agree To Hold Talks** — THE HAGUE, Netherlands (AP) — The Netherlands and Indonesia have agreed to undertake secret preliminary talks in an effort to decide the future of disputed West New Guinea, Dutch Premier Jan de Quay said Monday night.

De Quay said both countries were accepting a U.S. proposal for such a meeting, with a neutral observer sitting in.

He said that the U.S. government was actively consulting both on choice of an observer and time and place of meeting.

### Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials of normal regularity

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge. Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs frequently cramp and gripe. Of all leading laxatives, only new COLONAD gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAD prevents the formation of dry, hardened waste for easy passage without pain or strain. (2) COLONAD's unique rebulking action helps retone flabby colon muscles. (3) And COLONAD acts gently on the nerve reflexes that stimulate the vital "mass movement" of your lower colon. COLONAD relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAD won't interfere with absorption of vitamins or other food nutrients. Get COLONAD today! **INTRODUCTORY SIZE 43¢**

PHOENIX, Ariz. (AP)—About a nickel's worth of the stuff that makes bleached blondes blond is being used to sabotage some cancers and make them vulnerable to radiation attack.

Dr. John T. Mallams of Baylor University reported Monday how a highly purified form of hydrogen peroxide, fed into the blood stream, raised the amount of oxygen in tumor cells, making them more sensitive to radiation.

In one experimental rat, Dr. Mallams showed that a tumor shrank to half its original size in 45 minutes after the treatment. In some human patients, Dr. Mallams showed cancers cleared up after only a third of the normal radiation dose.

The technique is still experimental, he emphasized, and use of hydrogen peroxide must be okayed by the Food and Drug Administration after it is assured there are no harmful side effects.

Some 11 institutions will be trying out the technique to determine its effectiveness and safety, he told an American Cancer Society's science writers seminar.

Doctors have known for some time that oxygen in some unknown way makes cells susceptible to the damaging effects of radiation, such as X-rays.

Various methods to introduce oxygen into tumors have been tried, including putting patients in pressure chambers where they breathed oxygen under pressure.

In the method developed at Baylor, hydrogen peroxide, a chemical containing two hydrogen and two oxygen atoms, is introduced into the blood stream that serves the neighborhood of the cancer.

Some tumors, known for their lack of sensitivity to radiation, have thus been made susceptible to radiation.

The technique has done two things: "Permitted a lower dose of radiation and speeded treatment of the cancer."

### Ex-Operator Of S&L Firm Goes To Prison

BALTIMORE (AP)—James L. Kane, 44, of Silver Spring, former operator of Armed Forces Savings and Loan Association, began serving a one-year sentence in federal prison Monday.

Kane reported to the office of U.S. Marshal Gerald Bracken at Baltimore's federal building and was led away handcuffed to two other prisoners. He became the first savings and loan official to go to prison in Maryland's drive to clean up the industry.

Kane pleaded no contest in January to charges of using the mails in a scheme to defraud depositors in Armed Forces, with offices in Washington and Wheaton, Md.

### Cuban Pilot Defects

GANDER, Nfld. (AP)—Immigration officials said Monday the copilot of a Cubana Airlines plane bound for Prague, Czechoslovakia, from Havana defected Sunday night and asked for political asylum.

## Naval Academy Will Not Raze Historic Homes

ANNAPOLIS (AP)—Officials at the U. S. Naval Academy said Monday any historic buildings acquired under a proposed expansion program would not be razed.

The special Advisory Commission on Future Development of the Academic Facilities of the Naval Academy, known as the Moreell Commission, has proposed that a modern science and mathematics building be constructed on three blocks in an old section of Annapolis.

The site recommended for the science building takes in some of the oldest homes in the state capital and is adjacent to the present academy wall.

The most historic is the Peggy Stewart House, former home of the owner of the brig Peggy Stewart. In 1774, he was forced to fire his own ship loaded with tea in the Annapolis version of the Boston Tea Party.

An academy spokesman said the Moreell Commission strongly emphasized that "historic houses in the proposed purchase area be preserved and maintained as historical attractions."

He said "the commission recommended that some \$245,000 be set aside for the complete rehabilitation of any buildings acquired which have historic significance."

### Prison Work May Begin Late In Year

HAGERSTOWN (AP)—Sen. George E. Snyder, D-Washington, said Monday construction of a new prison on the grounds of the State Reformatory for Males near here will begin late this year or early in 1963.

Snyder said he learned of the probable starting date in a conference with James W. Curran, state superintendent of prisons. Five buildings, with a capacity of 200 prisoners each, would take about 24 to 30 months to complete, Snyder said.

The General Assembly has approved \$8 million in bonds during the past two legislative sessions. The institution will cost about \$12 million.

### Hagerstown Workers Get Wage Increase

HAGERSTOWN (AP)—The mayor and city council approved Monday a pay increase and hospitalization benefits for 270 city employees.

Salaried employees will receive \$150 more per year, hourly-paid workers will get a boost of 7 cents an hour, and those now working for less than \$1.25 an hour will be raised to a \$1.25 minimum.

The city also agreed to pay \$5.26 a month for each employee's medical and hospitalization insurance. The wage increases will cost about \$40,000 a year and the insurance about \$17,000.

## Alliance For Progress Year Old, Has Problems

BUENOS AIRES, Argentina (AP)—One year after its inception, the Alliance for Progress program is still to most Latin Americans a hope more than an accomplishment.

Assessments range from disappointment tinged with optimism in Mexico to confidence in Colombia, where one official declared, "The Alliance for Progress will succeed. We are planning every step of the program and we won't make any blunders."

This is the consensus of an Associated Press survey a year after President Kennedy first detailed the sweeping 10-year, \$20-billion program aimed at stimulating economic and social reform.

More than \$1 billion has been distributed under the program since last March — credits from the Agency for International Development of which the alliance is part, the Inter-American Development Bank, the Export-Import Bank and Food for Peace.

Houses financed partially by alliance money already are going up in Colombia, Peru, Panama and Venezuela. Sanitation and water supply projects, schools, roads and health centers have been started in several countries, including Colombia, Venezuela and Panama.

Chile has been pledged \$120 million for 1962, Argentina \$150 million, Ecuador \$12 million.

The obstacles to success still are formidable. Only three nations—Colombia, Bolivia and Chile—have submitted the long-range plans which are the heart of the alliance program. Others, including Argentina, Peru and Uruguay, have set up the machinery to draw up these plans. The self-help aspect of the program is shaky.

Some nationalists resent what they term outside interference in domestic affairs and consider government intervention is the road to state socialism. Communists and leftists are reported to fear that success of the program will remove one of their rallying points.

The wife of a Ft. Meade soldier and her infant daughter were killed Monday when a car in which they were riding skidded into a parked tractor-trailer.

Police identified the dead as Mrs. Peggy J. Holmes, 25, of Millersville, Md., and her 7-month-old daughter, Kim. Mrs. Holmes was the wife of Pic. John Holmes of Cincinnati, Ohio, a pharmacist with the 150th Armored Cavalry Regiment.

The 150th is a West Virginia National Guard unit called to active duty last October.

The driver of the car was identified as Mrs. Barbara Ann Robinson, 19, also of Millersville. She was injured seriously.

Police said the accident happened just south of Glen Burnie in suburban Baltimore when Mrs. Robinson lost control of the car.

In Baltimore, Joseph Duchacek, 52, of Baltimore, died in City Hospitals of injuries suffered Feb. 24 when he was struck by a car as he pushed a cart along a street.

Maryland's highway death toll for the year stood at 65, compared with 62 a year ago.

### Maryland Revenue From Liquor Up 21%

ANNAPOLIS (AP)—The comptroller's office said Monday revenue receipts from the sale of distilled spirits in February, 1962, increased nearly 21 per cent over the same month a year ago.

Comptroller Louis L. Goldstein said February sales revenues had increased \$92,014.31 over the \$445,240 received for February, 1961.

He also said that revenue from wine increased \$6,969 over or 14.7 per cent over February, 1961, and receipts from the tax on beer increased \$5,592 or 5.3 per cent over last year.

Goldstein said the state received \$110,827 from beer and \$54,412 from wine in February, 1962.

### SRC Bomb Score

BALTIMORE (AP)—An anonymous telephone call to police headquarters resulted in evacuation of the State Roads Commission building in Baltimore Monday, as police and firemen searched for a bomb. Nothing was found.

There is opposition from ruling classes reluctant to give up tax and land privileges which have kept them rich for centuries.

Some nationalists resent what they term outside interference in domestic affairs and consider government intervention is the road to state socialism. Communists and leftists are reported to fear that success of the program will remove one of their rallying points.

Police Chief V. Jack Phillip advised all persons owning property south of 28th Street to secure their belongings "as soon as possible."

Phillip also said 200 to 300 boats, including some cabin cruisers, have been found and owners should contact state or local police, or the Tidewater Fisheries Commission.

Clean-up crews have cleared streets from the Sinepuxent Bay bridge to 28th Street, a distance of about three miles. Still to be cleared is a five-mile stretch from 28th Street to the Delaware Line.

Chief Phillip said there was still "a tremendous amount of sand to be moved," piled as deep as four feet on some streets and lots.

The Maryland National Guard has made available 600 Guardsmen on the Eastern Shore, to patrol the town and prevent looting. The 210 Guardsmen put on duty at the height of the tidal storm Tuesday have been sent home to Salisbury, Crisfield, Pocomoke City, Cambridge and Easton. They were replaced by men from those towns as well as Denton, Chestertown and Centreville.

## Crews Press Cleanup Task At Ocean City

OCEAN CITY, Md. (AP)—Non-resident property owners were permitted to enter this storm-battered summer resort Monday as State Roads Commission crews worked on the laborous clean-up job.

Police Chief V. Jack Phillip advised all persons owning property south of 28th Street to secure their belongings "as soon as possible."

Phillip also said 200 to 300 boats, including some cabin cruisers, have been found and owners should contact state or local police, or the Tidewater Fisheries Commission.

Clean-up crews have cleared streets from the Sinepuxent Bay bridge to 28th Street, a distance of about three miles. Still to be cleared is a five-mile stretch from 28th Street to the Delaware Line.

Chief Phillip said there was still "a tremendous amount of sand to be moved," piled as deep as four feet on some streets and lots.

The Maryland National Guard has made available 600 Guardsmen on the Eastern Shore, to patrol the town and prevent looting. The 210 Guardsmen put on duty at the height of the tidal storm Tuesday have been sent home to Salisbury, Crisfield, Pocomoke City, Cambridge and Easton. They were replaced by men from those towns as well as Denton, Chestertown and Centreville.

## School Dropouts Program Unique

SYRACUSE, N.Y. (AP)—Nine boys swept buildings at the State Fairgrounds Monday, launching what was described as the nation's first work-counseling program for school dropouts.

While other youth work programs are under way elsewhere, the counseling and supervisory aspects were described as unique. The boys will undergo a four-month program of four-hour work each morning, followed by afternoon counseling sessions, before being placed with private employers.

The boys, 16 and 17 are "school dropouts who don't stand much of a chance of getting employment otherwise," Douglas Nessel, director of the Onondaga County Youth and Work Program, said. Similar programs are being launched in New York City and Rochester.

The State Division for Youth is financing the programs and demonstration projects.

## Fire Chiefs Ask Change In Job Status

Three assistant fire chiefs asked the Mayor and Council yesterday to revise their standing under the job classification plan, pointing out an inequity has existed since 1959.

The letter from the assistant chiefs, Robert C. Long, Alvey Poole and Vincent H. Wegman, brought from Finance Commissioner Lucile Roeder the statement that council should get together and decide on the job classification proposal submitted some time ago.

Police and Fire Commissioner Philmore Fleming said the assistant chiefs' case had been considered, that they have a good argument and a meeting should be held.

It was indicated council would meet Friday night. The assistant chiefs said it was not their intent to initiate a controversy but merely to determine if equality in salary and class can be reached in the higher echelon of the Police and Fire Departments.

It said in the appropriation for 1959, the chiefs of the two departments were listed at the same and equal salary as were assistant chiefs. However, a discrepancy was noted in the salary of the assistant police chief which showed a difference of \$4 a pay or \$96 a year greater than an assistant fire chief.

In 1960-61, it was pointed out, this was increased to \$14 a pay or \$364 a year greater. This was made possible by putting the assistant police chief in Class 12 and the assistant fire chiefs in Class 11.

It was their understanding that this was to be corrected and equal compensation and classification provided for the two positions.

It was pointed out that unless corrected, the difference of \$14 a pay would continue until July 1, 1966, and remain the same if pay increases correspond.

The assistant chiefs asked they be placed in Class 12 of the classification and Step 2 of the compensation plan.

Acreage devoted to soybeans has doubled in North Carolina during the past 10 years.

## Fort Hill Senior Picked As Festival Princess

A pretty, blonde Fort Hill High School senior will represent the Maryland Horticulture Society as a princess at the Apple Blossom Festival in Winchester, Va., May 3, 4 and 5.

Gilbert Miller, Spring Gap, member of the executive board of the society, said the selection of the Maryland growers is Miss Shirley P. Stickley, 17, daughter of Mr. and Mrs. Frederick Stickley, Fairview Road, Irons Mountain.

This year marks the first time that the horticulture society has had a princess at the festival. The only other princesses from this section represent Frostburg State Teachers College and Potomac State College.

A horticulture society representative must be the daughter or granddaughter of a grower of fruit or vegetables. Stickley, Diesel mechanic for Consolidated Orchards Company, has worked for the firm for 20 years and is operating it.

Mrs. Stickley also works for Consolidated which has extensive

## KC Fourth Degree To Meet Today

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, rosey, nasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

**MONTGOMERY WARD**

Do you have only part-way hospital bill protection?

For real protection against hospital care costs, you need Blue Cross

Does your present hospitalization insurance set a dollar limit on the amount it will pay for your hospital room and board and other services? If so, you've got only part-way protection . . . and a big part of your next hospital bill may have to be paid out of your own pocket.

Blue Cross sets no dollar limit on its coverage of the hospital care you need when you're ill. This means that, in the great majority of cases, you'll find Blue Cross will cover your hospital care costs in full.

Don't settle for part-way protection. Insist on Blue Cross . . . the program that takes the worry out of hospital bills. Write today for full information on Blue Cross . . . and on Blue Shield, the companion program for doctor bills.

## Book Revue Series To Resume

The third in the series of book revues, presented by B'er Chayim Sisterhood for the community, will begin March 28. Mrs. A. J. Mirkin, chairman, announces, Rabbi Max Selinger will revue "The Last of the Just" by Andre Schatz Bart, at 11 a. m., in the temple, South Centre Street. The revue is open to the public.

Mrs. Mirkin states that all books to be reviewed this season are best sellers. Each book selected is of a different type and varying interest to the reader. Mrs. Mirkin points out that best sellers are contemporary social history and inevitably reflect the society from which it was created; and the novel reflects more than any other form of writing the social consciousness of the modern world.

At noon the Sisterhood will serve luncheon for those attending the revue. Reservations should be made with Mrs. Benjamin Feldman, PA 4-1541, or Mrs. Mirkin, PA 2-5099. Mrs. Milton Granet is luncheon chairman, assisted by Mrs. Sanford Edelmann, Mrs. Sumner Hirsch, Mrs. Isaac Hirsch, Miss Flo Abrams, Mrs. Frank Kaplan, Mrs. Rudolph Mendelsohn, Mrs. David Siegel, Mrs. Harold Waingold and Mrs. Louis Waingold.

Chicot-Cresap Ladies Auxiliary will meet tonight at Toohy's Restaurant with Mrs. Annie Walsh as hostess.

ENTERTAIN LEGISLATORS — The Sophisticates were invited by the Allegany County Delegation to perform following the late supper when it was found necessary that Governor Tawes call a special session for Friday

morning. Left to right are James Cumiskey, Miss Betsy Hosack, Kenneth Moreland, Miss Julia Hendricks and John Clark.

## FSTC Group Presents 2 Shows

The Sophisticates, a Cumberland group of Frostburg State Teachers College students, presented two complete full hour shows in Annapolis following the late supper, when it was found necessary for the special session of the legislature Friday morning. Because of the press association meeting in session, the supper had to be arranged in two dining rooms. The first show was given in the LaRosa dining room and the repeat performance at the Maryland Inn. Both audiences lauded the adaptability and endurance of the group.

The performers, Miss Julia Hendricks, Miss Betsy Hosack, John Clark, James Cumiskey and Kenneth Moreland, presented a complete variety show of vocal instrumental and dance routines highlighted by presentation of original lyrics for the occasion. "The Free State in the Very Best of Hands." Enthusiastically received, the group responded to repeated encores and requests. Delegate Blair Lee of Montgomery county expressed appreciation of the Sophisticates and commended the Allegany County delegation for providing a "super-climax to the closing session." Accompanied by Miss Alice Cumiskey, who assisted with wardrobe and make-up, and James A. Hosack of the college faculty, the group was met in (Continued on page 13)

## Margaret Crosby Becomes Social Chart Bride Of T. J. Bender

Miss Margaret Jane Crosby, daughter of Mr. and Mrs. Leo W. Crosby, 150 North Artisan Street, Williamsport, and granddaughter of Mr. and Mrs. Allen M. Sell, city, became the bride of Timothy John Bender, son of Mr. and Mrs. Carl Bender, Hagerstown, March.

The ceremony was solemnized at noon, in St. Augustine's Catholic Church, Williamsport, with Rev. Thomas Hardesty officiating. Rev. Charles Dauch, pastor of St. Joseph's Church, Halfway, was in the sanctuary. White gladioli and white chrysanthemums were used in the decorations and the traditional wedding music was played, by Mrs. Sara Jane Hose.

Mrs. Larry Forte was her sister's maid of honor, while Charles Bender served as his brother's best man. Patrick Crosby, brother of the bride, was the usher.

Given in marriage by her father, the bride was attired in a white silk brocade, street length gown, fashioned with long pointed sleeves, and scalloped bateau neckline. Her only ornament was a gold locket belonging to her grandmother. Completing her costume, she had a fingertip length veil of silk illusion and carried a cascade of pink rosebuds and white carnations.

Her matron of honor wore a blue silk sheath with long sleeves and square neckline. Her head-dress was a white Dior bow with

Ladies Auxiliary to Barracks 1125, World War I, will meet at 8 tomorrow evening at the VFW home. Mrs. Catherine Wilson and her new officers will assume their duties.

ADVERTISEMENT

The wedding reception was at the home of the bride. The bridal motif was carried out in the three tiered cake and arrangements of white gladioli and mums. Mrs. Robert Rosenberry, sister of the bride, served the punch and Mrs. Leon Hoover, Hagerstown, the cake. For their wedding trip the bride wore a beige knit dress with matching coat and black accessories.

## Does Your Memory Fail You?

A noted publisher in Chicago reports these is a simple technique for acquiring a powerful memory which can pay you real dividends in both business and social advancement and works like magic to give you added poise, necessary self-confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by remembering accurately everything they see, hear, or read. Whether in business, at social functions or even in casual conversations with new acquaintances, there are ways in which you can dominate each situation by your ability to remember.

To acquaint the readers of this paper with the easy-to-follow rules for developing skill in remembering anything you choose to remember, the publishers have printed full details of their self-training methods in a new book, "Adventures in Memory," which will be mailed free to anyone who requests it. No obligation. Simply send your request to: Memory Studies, 835 Diversey Parkway, Dept. 2933, Chicago 14, Ill. A postcard will do.

Your hat may provide the conversation-piece, but it's your conversation that carries the charm.

### Secrets Of Charm

by John Robert Powers

#### Spring Brims Over With Saucy Skimmers

Hats are definitely "hatter" for spring and summer, spreading their crowns and casting their brims in all directions. Predicted by fashion experts to be two of the most popular millinery moods: The "little girl" look, caught under jaunty sailors with picture-book or upturned brims — and the queenly coil, a newer, more sophisticated variation of the cover-up.

Also back on the scene: Eye-shadowing scoop brims, berets in all sizes from tiny to tremendous, turbans and toques with towering space-capsule proportions.

I, for one, am glad to see hats hit the top again. No accessory defines the essence of femininity with more elegance and flattery than a handsome hat in a size and

shape big enough to give it "importance." This breed of bonnet, all by itself, gives status to the most understated basic costumes. But etiquette and elegance aren't the only virtues satisfied by wearing a hat, in my opinion. Far more rewarding is a hat's singular talent for calling attention upward — to a woman's face!

Here, in her sparkling eyes and warm smile, is the soul of the personality that Fashion serves. It's her face that communicates inner beauty.

A mannequin can only model a hat. A woman wears one. Even the most fetching hat can never change the expression on a mannequin's precisely chiseled features. But a hat invariably halos a woman's features with happiness, with renewed consciousness of her own femininity.

Just the knowledge that someone notices her, and not just the cut and cost of her clothes, is usually enough to make a woman relax . . . and really radiate the charm she keeps within.

Not every hat will be your hat! Its size must be kept in proportion to your own; its contours should play up your best features. And its color should be keyed to your own natural tones. Be sure of your chapeau! Send today for my helpful pamphlet, "Your Color or Type" — available upon request from this newspaper if you will just enclose 10c and a stamped, self-addressed envelope.

### City Council Will Discuss Sewer Line

The question of what consideration can be given residents who have recently installed septic tanks in an area which it is proposed to sewer will be discussed during the week by the Mayor and Council.

The matter was presented during a report on a petition by some property owners of White Avenue who have asked that sewer facilities be made available.

City Engineer Charles R. Nuzum presented the preliminary study and cost estimate. He said the White Avenue sewer is estimated to cost \$13,900 or \$3.81 per lineal foot.

However, his report pointed out that there are six dwellings already in the area with septic tanks because at the time they were constructed sewer facilities were not available. Some of these are opposed to a sewer line they had hoped for when homes were built but they were unable to get at that time, Nuzum said.

There are approximately 25 additional home sites and some owners want to start building by the end of the month and others have said they would build if a sewer were available.

Finance Commissioner Lucile Roeder raised the point about considering the plight of those who had installed septic tanks when no sewer existed and pointed out they did so because no sewer plan existed at that time.

But City Attorney William R. Carscaden said it is a citywide policy to assess on a front-foot basis. He said although it would be hardship on those property owners who installed septic tanks, a lien would be filed against the properties on both sides of White Avenue whether improved with a dwelling or unimproved. The front foot cost on all would be the same.

The matter was tabled for a week on a motion by Street Commissioner John J. Long who said the city wants to encourage building. There are good points on both sides of the question, he said, and council should discuss it thoroughly before arriving at a decision.

### Ann Landers . . .

#### Answers Your Problems

DEAR READERS: I considered the matter of the "chaste bride" but the mail continues to pour in. Obviously there are a great number of individuals who can write but cannot read.

Here is an example. This little gem came from Mrs. M. C. of Detroit: "Dear Ann Landers: We are deeply disappointed in you. You said 'It is nobody's business if the signs of pregnancy show beneath the white dress and veil.' How could you make such a statement? In my opinion a girl who waited so long to get married does not deserve to have a fancy wedding. If this happened to a daughter of mine she would be married as quickly and as quietly as possible."

Mrs. M. C. placed quotes around words which came straight out of her head. The lines which she generously attributed to me did not appear in my column.

Perhaps someone ought to sit down with Mrs. M. C. and explain to her the difference between virginity and pregnancy. My reply went like this: "A bride does not owe her guests an affidavit of chastity. Whether or not she is as pure as the soap that floats is not your business."

The letter which set off this 50 megaton explosion was written by a woman who felt that NO bride, save the purest of the pure, should be allowed to wear traditional white. I took exception to this on the grounds that it is impossible to recognize virtue on sight. The unsullied, the slightly sullied and the out-and-out tramps look alike. Since this is the case I say we should assume the best and not sit around and second-guess the bride.

It hardly seems worth saying, but I think I'll say it anyway, and leave no room for speculation — a bride who must release the seams of her white satin gown to make room for an heir who is half way home makes a fool of herself, and richly deserves the criticism of those who are invited to witness the mockery.

DEAR ANN LANDERS: My problem is a whopper. It's in-laws—both of them.

My husband's parents are semi-invalids. They depend on me for a great deal. I do their market-ing, prepare two meals a day for them, keep their home in order, do their laundry and drive them to the doctor. My husband can do nothing for them as he is a traveling salesman and is gone from Monday through Friday.

The folks are not very well off financially and they can't afford outside help. Their large home is hard for me to keep up and it's quite a distance from our apartment. I'm exhausted just running back and forth.

There will soon be a vacancy in our apartment building and it would be so much easier on me if they would sell their home and move in. My mother-in-law says she doesn't want to give up her home. After 22 years she is attached to it.

I can see her point, but can you see MINE? Please, Ann, say something.  
—POOPEO

DEAR POOPEO: Since your husband can "do nothing for them" he can certainly do something for YOU. He can insist that his parents give up their large home and move into an apartment near you.

You sound like an angel to me. A daughter-in-law who so willingly doubles as a chauffeur, cook,

maid and laundress should be given some consideration.

Are you going steady? Making marriage plans? If so, send for ANN LANDERS' booklet, "Before You Marry—Is It Love Or Sex?" enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them.

to her in care of this newspaper enclosing a stamped, self-addressed envelope.

### GOP Groups To Meet With Candidates

The Young Republican Club of Allegany County and the Women's Republican Club will sponsor a joint meeting Wednesday at 8 p. m. at the Ali Ghan Shrine Club.

Robert L. Lewis, president of the Young GOP, and Mrs. Holmes Cessna, president of the Women's Club, said the theme of the meeting will be "Meet Your GOP Candidates."

Lewis said all Republican candidates seeking nomination in the May 15 primary have been invited to attend the meeting.

Mrs. Betty Foster of the Young GOP Club and Mrs. George Barnard of the Women's Club are serving as co-chairmen of the meeting.

Invited to attend are the two GOP candidates for State Senate; 12 candidates for House of Delegates; seven candidates for judge of the Orphans Court, along with the five unopposed GOP candidates.

Each candidate will speak briefly and a question and answer period will follow.

Mrs. Foster will serve as moderator of the program which is open to members of both clubs, their guests and interested persons. Paul Rank will be in charge of refreshments.

The clubs also announced today that another joint meeting will be held Wednesday, April 11, at 8 p. m. in the Women's Civic Club, Washington Street, at which time the 10 GOP candidates for county commissioner and the 19 candidates for the Republican State Central Committee will speak.

Lewis said the Young GOP Club will hold a business meeting Wednesday at 7:30 p. m. prior to the joint session.

Almost three and a half million people live in the 395 square miles of Hong Kong. The population is predicted to increase by another million during the next 10 years.

**Service Set For  
Mrs. Tawes**

CRISFIELD, Md. (AP) — Funeral services will be held Wednesday at 2:30 p.m. for Mrs. Alice Byrd Tawes, the mother of Governor Tawes.

The Rev. Walter L. Beckwith will conduct the services at Asbury Methodist Church where Mrs. Tawes was active in church work throughout her life. She was a member of the Asbury Church choir for 75 years.

Mrs. Tawes died late Sunday night at the Bedford County Memorial Hospital, Bedford, Pa., after she suffered a stroke Feb. 24 while visiting the home of her daughter Mrs. James Stephenson, Jr. in Everett, Pa.

She was the wife of James B. Tawes, who is also deceased. Mrs. Tawes would have been 93 Tuesday.

Besides the governor and Mrs. Stephenson, Mrs. Tawes is survived by A. Wellington Tawes and Marvin H. Tawes both of Crisfield.

Burial will be in the Asbury Church cemetery here.

**Lake Over Crest**

Lake Koon is two inches above the crest of the spillway and Lake Gordon one inch below, a report by Ray Nixon, water plant foreman, to the Mayor and Council showed yesterday. Consumption for the week ending Sunday was 68,130,000 gallons compared to 93,220,000 the same period a year ago.

**MRS. TAWES DIES** — Mrs. Alice B. Tawes, mother of Gov. J. Millard Tawes, died Sunday night in Bedford, Pa. She would have been 93 years of age today. This picture was taken in 1959 at her son's inauguration. (AP Photofax)

**U.S. Grand Jury  
Will Consider  
Indicting 11**

MARTINSBURG, W. Va. (UPI) — Indictments against 11 men arrested in Wheeling and Weirton following raids on numbers and horse-book operations are expected to be considered Tuesday by a federal grand jury here.

The federal raids were conducted last December at the Jolly Bar and the Saddle Oyster Bar, both in Wheeling, and the State Cigar Store in Weirton.

Federal Judge Charles F. Paul dismissed interstate gambling charges against two of the men in Wheeling March 2 but U. S. District Attorney Robert E. Maxwell said the cases of the two — Tom Scarbor, Wheeling, and Alfred Primm, Triadelphia — "will go to the grand jury at Martinsburg just the same."

The other three arrested in the Jolly Bar raid were Anthony J. Zambito, Wheeling; Arthur Hale, Blaine, Ohio, and James J. Rogerson, Martins Ferry, Ohio.

Arrested in the other two raids were Philip J. Hankish, Martins Ferry; Albert M. Downing, Howard Allen, Carl Yacquinia, all of Wheeling; and Nick Vukovich and Louis Gresko, both of Weirton.

The arrests were among the first made under the new anti-racketeering laws passed by Congress last September.

**Local Woman  
Given Sentence**

A West Side woman was given a 30-day jail sentence and two other persons were fined in Trial Magistrate Court yesterday as a result of an incident over the week end.

Magistrate F. Allan Weatherholt sentenced the woman, Mrs. Lena House, of 830 Sperry Terrace, after finding her guilty of two criminal charges.

Magistrate Weatherholt said the woman's case would be referred to the mental health department. In passing sentence, the magistrate noted the woman, mother of four children, is a welfare case and that the welfare burden of the county is getting heavier each month, and complaints are increasing daily.

Netherlands New Guinea was discovered in 1511 by Portuguese sailors.

# Nationwide Puts Life Insurance Within the Reach of Every Family

## Quantity Discounts, Bigger Dividends Help Lower Costs

Among Nationwide's most popular features are (a) "quantity discounts," which progressively lower premiums on each \$1,000 of life insurance over \$4,000, and (b) increased dividends.

In addition to early cash and loan values, young family men particularly like our Guaranteed Insurability Option. This assures the right to buy additional insurance later on, without medical examination, regardless of health.

Also available as optional extras are Double Indemnity, which doubles a policy's face amount in the event of accidental death, and Disability Waiver of Premium, which cancels premiums falling

due after a policyholder has been disabled by accident or illness for six months.

With every Nationwide policy you have a broad selection of settlement options. Many of these allow benefits or cash values to be paid in a choice of annuity-type installments.

The above features, and many more, guarantee you extra value through flexibility that lets your life insurance keep up-to-date with your changing needs and plans.

Your Nationwide agent, a neighbor in your community, is always at your service. He'll review your insurance program with you regularly to make sure its provisions always match your requirements.

## Outstanding Values In Business Life Insurance

More and more executives, too, are selecting Nationwide plans for their companies' business life insurance coverage—including key man, sole proprietorship, partnership, and close corporation insurance. Individual-policy pension trust plans are also offered.

Especially advantageous to businessmen is Nationwide's Executive Equity Plan, which features rapidly accumulating cash values resulting in minimum net cost to the purchaser.

A complete range of flexible, low-cost plans is also offered on a group basis, customarily combined with group health coverage in a complete employee benefit program, often partnered with a funded retirement or pension program. Featured among

Every family now can afford enough life insurance—thanks to Nationwide. Even fathers who think they're "insurance poor" will benefit from a talk with a Nationwide agent. His skill and experience, his interest in serving you best, and his complete range of modern coverages, will mean more protection and added savings for you.

## Nationwide Life Insurance Plans Are Designed to Meet Every Need

Whatever your age, earnings and family circumstances, your Nationwide agent will recommend the plan—or combination of plans—that will do the best job for you. Here are just a few of the new Nationwide coverages offered:

**For Young Families**

For young fathers with limited budgets there's the MODIFIED 3 TO 10 PLAN. Especially designed for the "getting started" years, it offers sharply reduced premiums during the plan's first 10 years. Later, regular premiums are offset by higher dividends and accumulated cash values.

Also for young families is Nationwide's FAMILY INCOME PLAN, which provides maximum protection during children's dependent years. Then, after the children are grown, your basic protection continues, but at a lower

**For New Homeowners**

For the homeowner, there's the low-premium MORTGAGE PROTECTION plan. Its face amount decreases gradually year-by-year, along with your mortgage—but there's always enough insurance to cover your unpaid balance.

Your Nationwide man is also equipped with a full line of streamlined ORDINARY (or WHOLE) LIFE and ENDOWMENT plans, which provide permanent protection plus cash values you may use at retirement. He also offers a choice of low cost TERM (or TEMPORARY) insurance plans, which

may be converted later to a permanent plan without medical examination.

Full details on all Nationwide plans are available through your local Nationwide agent. He has only one purpose: to provide you with the best protection at the lowest possible cost.

## Progressive Organization Offers Complete New Choice Of Budget-Priced Policies

In keeping with its principle of providing the finest protection at the lowest possible cost, Nationwide Insurance recently streamlined its entire life insurance portfolio. The best features of standard policies have been retained, the range and scope of coverages broadened, new policies developed and set in a rate structure second

to none within the insurance industry.

**Greater Values and Savings**

Result? Budget-conscious families can now buy more of the protection today's cost-of-living demands. Young fathers can now afford the insurance they need during the family's growing years.

Today, through Nationwide, you can choose a plan which matches your exact requirements and your resources. Whether it's maximum coverage at lowest cost, systematic savings at a guaranteed rate of interest, or a realistic combination of protection and savings, your Nationwide agent has a plan for you. Every family can now have the vital protection they need while they save for retirement.

## Nationwide Widely Known As A Company That's Different

Murray D. Lincoln, Nationwide's President, is often asked, "What's so different about Nationwide?" His reply usually begins, "Nothing much...if all you want is a company that collects premiums and has the resources to pay claims."

"But," he hastily adds, "if you're looking for something more—the satisfaction, say, of knowing that your premiums are buying insurance designed to protect real people rather than statistics...or

if you think it's a healthy idea for policyholders to have a real voice in their company's operation—then Nationwide is different.

"This organization was started thirty-five years ago by people in search of low-cost insurance. We grew, expanded our coverages, were invited into neighboring states, because our kind of insurance was needed.

"Nationwide continues to build on the fundamental principle that whenever we're confronted with new problems, all of us, working together, can find new and better solutions to these problems."

**Expert Assistance Available**

Nationwide also offers you—at no charge or obligation—the professional services of highly trained, experienced insurance agents. Since your local Nationwide agent offers a complete range of insurance products, he can recommend the life insurance policy which best fits your total protection picture. He can provide you with a coordinated, all-around protection program, with no dangerous gaps or costly overlaps, no needless waste or extras...all at minimum cost!

For full details, call your nearest Nationwide representative. He's listed in the "Insurance" section of your Yellow Pages.

## New Stock Exchange To Open Tomorrow

The first formal stock exchange to be started from scratch in the United States in at least 30 years plans to open for trading on Wednesday. Only eagle-eyed readers of financial pages are likely to notice the new arrival, though, because the market will begin with the very modest listing of eight stocks, mostly industrials.

Name of the new securities market is the National Stock Exchange. It is an off-spring of the New York Mercantile Exchange, a market where futures in platinum and Maine potatoes and spot orders in butter and eggs are traded.

In fact, the pit will be on the ground floor of the Mercantile Exchange Building, about a 10-minute walk from Wall Street. Outside the building, reports the *Wall Street Journal* in a rare burst of Dickensian description, "cobblestoned streets are cluttered with cartons of eggs and cheeses and with white-aproned warehousemen pushing dollies from delivery vans."

Perhaps the physical setting is partly to blame for the obvious lack of enthusiasm among most broker members of the "Big Board" (New York Stock Exchange) and the American Stock Exchange for this example of free-enterprise at work. Some of the well-known Big Board member companies who qualify to belong to the National Exchange are holding back. Getting companies to list their stocks on the new exchange also has proved difficult, and the best that officials are hoping for is that listings will increase to 25 companies after a year of operation.

## These Days

By George E. Sokolsky

### Young Conservatives

The rally of the Young Americans for Freedom at Madison Square Garden was attended by about 19,000 young men and women from all parts of the United States. The applause, the boos, the speeches indicated many shades of conservatism, but all were united in their opposition to Communism. But what surprised me was that their prejudices forced them to overlook the fact that there is no wisdom in attacking others on their side whose name happened to be Kennedy.

As stirred as I was by this outpouring of Conservatives, I was equally moved by the speeches which Attorney General Robert F. Kennedy delivered in Germany—straightforward, anti-Communist speeches delivered on the firing line in Berlin. He said:

"I have seen the contrast between this city in the west part and in the Communist part as many hundreds of thousands of people have seen that contrast. And that is why Herr Ulbricht had to erect the wall. Because it was a contrast that he could not tolerate.

"That is the true meaning of the wall that lies like a snake across the heart of your city. Mr. Ulbricht and the Communists cannot have the contrast. . . . Because this wall is an admission of failure by Communism, it is an attempt for the first time in the history of mankind to erect a wall not to keep marauders or bandits out, but to keep their people in."

At the University of Berlin, he said:

"The statistics on the flight of scholars offers us an idea of what Communism has done to this free spirit. Since 1958, a total of 1,606 scholars—mainly teachers in the humanities and sciences at long-established universities and technical institutes in East Germany—have left the eastern zone and registered in West German reception camps. . . . In the last four years, Halle has lost a total of 147 faculty members—more than the current size of its teaching staff. Humboldt University has lost 275 members of its staff; Leipzig, 199; and so on down the list."

At the same university, he said:

"The free way of life proposes ends—but it does not prescribe means.

"It assumes that people, and nations, will often think differently—have the full right to do so—and that diversity is the source of progress. It believes that men advance by discussion, by debate, by trial and by error.

"It believes that the best ideas come, not from edict and ideology, but from free inquiry and free experiment; and it regards dissent, not as treason to the state, but as the tested mechanism of social progress.

"It knows that diverse nations will find diverse roads to the general goal of political independence and economic growth. It regards the free individual as the source of creativity—and believes that it is the role of the state to serve him, and not his role to serve the state."

And again, Robert Kennedy said:

"Communism everywhere has paid the price of rigidity and dogmatism. Freedom has the strength of compassion and flexibility. It has, above all, the strength of intellectual honesty. We do not claim to know all the answers; we make no pretense of infallibility. And we know this to be a sign, not of weakness, but of power.

"The proof of the power of freedom lies in the fact that Communism has always flinched from competition in the field where it counts most—the competition of ideas."

Commenting on this, he said:

"When will the communists be confident enough of their ideas to expose them to the competition of democratic ideas? I was disappointed to note that only a few days ago a Russian leader, while saying that coexistence with democratic social systems was possible, asserted emphatically that coexistence with democratic ideas was 'impossible and unthinkable.'"

"It would amount, he said, to communist ideological disarmament. I would have thought that he might have more faith in the capacity of communist ideas to survive such competition; but he may well be right in fearing to let communism stand on its own in a free forum."

There is much more. Here is a statement of anti-Communist doctrine which young Conservatives ought to applaud no matter who says it. The strength of the conservative cause must be its unprejudiced and total pursuit of the truth.

## 'We Must Amputate At The Neckline'

## Who's To Blame For Delay In Nuclear Testing?

By David Lawrence

WASHINGTON — Just who was responsible for the sixth-month delay on the part of the United States before it was announced that nuclear testing above the ground would be resumed? It wasn't the Department of Defense that was in the slightest degree of blame. Most of its experts wanted testing resumed.

The mystery has not yet been cleared up. Although the Soviets resumed their tests last September, it was not until President Kennedy's speech a week ago that the world was told that America would resume testing in the atmosphere, but with this qualification—certain things could be agreed upon with the Soviets at a Geneva conference, any testing by America might be deferred.

During the last six months, considerable division developed in the inner councils of the White House as to whether resumption of testing was wise.

It is not true, as has been reported in some circles, that a substantial number of the President's advisers were opposed to the resumption of testing in the air. What is true is that a few of the influential advisers put up vehement arguments that did cause the President to hesitate.

Most military men have been repeatedly asking for the tests. This was the case, too, under the Eisenhower Administration. The military men expected that when the Soviets resumed testing the United States promptly would do so, too.

The biggest single influence against testing is reported to have been that of the U. S. Information Agency, which is said to have argued that it would be harmful from a propaganda standpoint. It was contended, primarily, that world opinion would be mobilized against America.

Unfortunately, the real mistake was that the USA itself had failed to emphasize repeatedly to the world, beginning last September, that when the Russians broke their own moratorium, the United States was free to do likewise and should resume testing.

The American position would have been stronger, moreover, if the action of the Soviet Union had been followed by an immediate

decision on the part of the Kennedy Administration to resume testing as quickly as possible and to make no further announcement as to dates when tests would be held. The same six-month period

could have been utilized in advising the world that an overemphasis had been placed on the alleged harm that is supposed to come from testing in the air. It was not until President Kennedy's

## Inside Washington

By Henry Cathart

TIME MOVES ON—The United States Naval Observatory in Washington is the official timekeeper for the nation. Its clocks are the standard by which others are set from coast to coast, and their accuracy is essential to keeping correct time in the United States.

Recently, the extremely delicate instrument that is the heart of the observatory's time-keeping operation had to be moved from one building to another. The distance was only 100 yards, but it was essential that the move be made in a manner that would not disturb it.

The instrument is so delicate that it must be kept at a constant temperature within 1/1,000 of a degree. Any pronounced change in temperature, the experts say, would change the aging characteristics of a quartz crystal oscillator—the heart of the instrument.

However, the move went off without a hitch. Two observatory employees gingerly carried the "clock" the 100 yards between buildings in a matter of seven seconds (Naval Observatory Time) and the whole job was finished in 240 seconds.

THEFT—A theft has been discovered, or rather re-discovered, on Capitol Hill. The missing item is a part of a statue of Lincoln that represents the Emancipation Proclamation scroll.

Rep. Fred Schwengel, of Iowa, an ardent historian of Capitoliana, spotted the missing part in a recent stroll around the Capitol. It hadn't been noticed by anyone else despite the hundreds of thousands of persons who have passed by the piece of statuary situated in the Rotunda—the center of the Capitol Building.

No one knows how long the

scroll has been missing. The statue was unveiled in 1871, and accounts at that time mention the existence of the scroll in Lincoln's hand. But a 1927 history of the Capitol and pictures of that era on file in the Architect's Office show the statue as being scroll-less.

PRIVATE LINE—Vice President Lyndon Johnson, like other top officials of the government, has a private telephone line running from the White House switchboard to his home. It is of an emergency nature, however, and is seldom used.

Recently, a friend of Lyndon's returned to Washington from a long stay abroad and he and his wife arranged to stop the evening with the Johnsons. Their teen-age daughter was not at home at the time they had to leave so they left her a note telling her that her parents had gone out for the evening and leaving a telephone number for her to call when she returned from an appointment with some friends.

The young girl dutifully called the number only to learn that her parents were no longer there, but had gone on to the Johnson residence.

Not having the home telephone number of the Johnsons, the savvy young lady called the White House switchboard (a public number), explained her problem and asked to be put through to the vice president's home.

At the Johnson residence, a dancing party was interrupted by the seldom heard ring of the White House phone. The tension was broken when Johnson answered the call, heard a girl's voice ask, "Are my parents there?"

## Luce Publications Sponsor Luxury Tour For Kennedy Home Loan Chief

By Drew Pearson

WASHINGTON — The savings and loan industry, one of the biggest financial groups in the country, has been buzzing over a luxury tour taken by Kennedy's Chairman of the Home Loan Bank, Joseph P. McMurray and his wife, under the auspices of the Henry Luce publications — Time, Life, Fortune, and House and Home magazines.

The two-week tour, part of the time in two chartered planes, carried bankers, architects, builders, and building suppliers to London, Copenhagen, Amsterdam and Paris to study European housing.

The fact that a chosen few from the savings and loan industry were selected by House and Home Magazine and other Luce publications to get better acquainted with McMurray is what has aroused resentment on the part of other bankers in the \$90 billion industry.

Unlike a convention, which any banker could attend, only a few could make the trip on the chartered planes. Their inclusion depended on the Luce publications. Mr. McMurray, when questioned about the trip, was quite frank. He said he went along chiefly to inspect new European housing developments and to improve his contacts in the housing field, which he believes to be in the government interest.

"I had expected to charge the government for my own expenses

and pay for my wife's out of my own pocket," he said. "But if you think this is a pleasure junket, I'll give the taxpayers the benefit of the doubt and pay the entire expense myself."

When House and Home Magazine was queried regarding details of the trip, the call was finally put through to Bernard Barnes, a vice president of Time Magazine, who confirmed that those on the junket would be billed for their expenses, but had not as yet. It took some time, he said, to straighten out the books.

### Details Of Trip

A House and Home representative spent about a month in Europe arranging for the trip and there was hardly a detail that wasn't taken care of for the home builders and their bankers—even including tips.

Two TWA jets carried the party across the Atlantic to London where they stayed at the Savoy for five days. In Amsterdam the party stayed at four different hotels — the Carlton, Doelen, Europe, and Victoria — for three days, then moved on to Paris for five days.

Among the bankers picked by House and Home for the trip were Howard Edgerton, of the Great Western Financial Corp., biggest savings and loan outfit in the USA; Floyd Cramer of Washington Heights Federal in New York; John de Laittre of the Farmers and Mechanics Bank in Minneapolis; and Carlton Stalard of the Jersey Mortgage Co., Elizabeth, all with their wives.

Also along were representatives of Alcoa, Kohler, Pittsburgh Plate Glass, Union Carbide, Westinghouse, Portland Cement, du Pont, and Dow Chemical.

This column was the first to report on the trips which John Doerfer, chairman of the Federal Communications Commission, took to industry conventions and charged both to the government and to the taxpayers. His trip as the guest of one broadcaster eventually led to his forced resignation from the Eisenhower Administration.

Mr. Doerfer is a Republican, Mr. McMurray a Democrat. Mr. McMurray did not collect from both the government and the industry as did Doerfer, but he did make himself available to a

few select members of the industry on a pleasant trip, as did Doerfer. And like Doerfer he holds great power over an industry which he must regulate without favor.

### C. Trees Vs Parking

One reason why the beautiful new Central Intelligence building doesn't have enough parking lots for its several thousand commuting employees is because of an inspection trip which Allen Dulles, then chief of CIA, took to his new building last year.

The building, about 15 miles from Washington overlooking a beautiful gorge of the Potomac, was Dulles' pride and joy. Looking out over the parking lot, however, he expressed disappointment.

"Where are the trees?" he said. "Whereupon part of the paving already laid on the north parking lot was torn up in order to plant trees. This made it necessary to put in new curbing. The other parking lots had not yet been paved, so planting trees in them was not so expensive. However, all this used up part of the parking space."

Since the CIA building was already short on parking space, thanks to faulty planning, it has been necessary to use adjacent land of the Bureau of Public Roads, which, however, is quite a hike from the CIA building.

Meanwhile many bureau chiefs have to spend their time picking up their stenographers, secretaries, and administrative assistants in car pools back and forth to the CIA building.

### No Censorship

There was certainly no military censorship when it came to Gen. Curtis Le May's differing with the White House and his own boss, Secretary of Defense McNamara, over the B-70.

Though Secretary McNamara overruled Le May regarding the necessity of the B-70, he invited him to present his views personally to the President. Kennedy listened attentively but also rejected Le May's appeal. However, both Kennedy and McNamara agreed that the General should give Congress his honest views. Le May did so.

In brief, military censorship is exercised on political and foreign affairs matters on which the Generals are not experts; but they are not censored in regard to defense matters on which they are experts.

## The Sins Of Others...

By John Crosby

After wandering among the under-developed nations for so long, it's so nice to be back in a highly developed nation like our own. I mean one gets tired of the holes in the street in Buenos Aires. Why, you keep asking yourself, doesn't Buenos Aires keep the streets beautifully repaired the way Mayor Wagner keeps New York's streets? (Great balls of fire, look at 13th Street! It looks like the battle scene from "What Price Glory?"

I had barely set foot in South America when I was told that practically everyone in Uruguay has two jobs—one for the government and one for someone else. Coming from a highly developed economy like our own, one is unprepared for the Uruguayan navy. The Uruguayan navy only has three ships, two destroyers and one frigate, so Uruguay is full of naval officers who hold down other jobs, their sole navy duties being to collect their pay. (What's that about moonlighting in the New York City Fire Department? You mean a New York City fireman can't make ends meet without two jobs?)

Coming from a country with a strong liberal tradition like our own, one is particularly aghast at the sway exercised by the Army, the Navy, and the Air Force on national policy. We, of course, are accustomed to civil control of the military. (Did Gen. Eisenhower get his rank back? Gen. Walker's running for what? When was the last time the United States Senate told the Air Force it couldn't have something it wanted?)

To an American, a real big laugh is the Brazilian aircraft carrier. As a matter of fact, even the Brazilians find it pretty funny because it hasn't got any planes on it. The Brazilians call it "Bella Antonio"; that's Brazilian for an effeminate man, which is to say, beautiful but ineffectual. Brazil needs an aircraft carrier (especially one without planes) like we need the B-70. The aircraft carrier is strictly for prestige because Argentina

has one. I got a big yock out of the Brazilian aircraft carrier until I got back and discovered that the B-70 has become a \$10 billion boondoggle. (We need the B-70 like the Brazilians need an aircraft carrier. Lots of pilots sitting around doing nothing, now that the missiles have taken their jobs, and their purpose in life.)

One of the largest American complaints, not only about Brazil but about all South America, is that they waste so much money supporting an enormous and reactionary and largely superfluous military machine while they neglect really vital needs such as education. (Now let's see. Our last military budget was \$55 billion. Meanwhile, Kennedy can't get his measly little \$4 billion aid to education bill even started, can he?)

One of the basic conditions to Alliance for Progress aid is something about their income tax. Or rather their lack of income tax which the rich manage so easily to avoid. The rich in South America consider it an outrage that we even mention the subject. (That reminds me, when was the last time you heard anything about eliminating that 27½ percent oil depreciation tax allowance? Taxing Texans is considered as blasphemous as taxing the rich in South America. It's all very well to talk about tax reform in South America so long as we don't have any of those dirty words here.)

And, if you really want to get angry, just consider how the South Americans treat their Indians. Poor Indians have no rights at all in Peru and no chances. (And how many rights have our Indians? Indians on reservations can't even vote.) The Argentines have no Indian problem at all because they wiped out their Indians a hundred years ago. (Just as we almost wiped ours out 100 years ago.)

Oh, it's great to be back in a civilized country and reflect about the sins of others.

(Copyright, 1962, New York Herald Tribune, Inc.)

## You're Telling Me!

By William Ritt

Soviet scientists announce they have successfully produced brandy from grapes in the incredibly short time of just five days. Looks like the Russians, at long last, really have invented something—instant booze!

The only period in American history when the United States government was free of national debt was 1834-1835—Factographs. That must have truly been the "good old days!"

The Romans introduced the bagpipe into Britain when they invaded that country, say historians.

Ians. Must have been their secret weapon!

In Iceland, we read, bread is sometimes made from powdered codfish. However, it seems to us that would take a lot of crust!

Milt, the sterling printer, has come up with a dandy definition for an after-dinner speaker — a fellow who talks during other people's sleep.

It's estimated that more than four million middle-aged American men wear girdles. True or not—that's a good round number.

## Twist Not Dangerous Unless You 'Go All Out'

By Dr. Theodore R. Van Dellen

The Twist is a toughie even for teen-agers. The ligaments of the knee are easily strained and the resulting injuries resemble those associated with football and basketball games. Stiffness and pain may be noted also in the lower back and the solar plexus.

The dance is not dangerous unless the youngster becomes mes-

merized and "goes all out." These boys and girls do not realize the strain they are putting on the knees. One of the best descriptions of this acrobatic craze was given in the Medical Tribune: "You stand on one leg and,

with the other, you like grind out a cigaret. All the time, you're swinging your bent back and forth (also the flexed arms) like you're rubbing it with a turkish towel. Then you start going down in a squat kind of. Now you come up slow — real slow — but still polishing the fanny."

Adults who do the twist should remember their age.

A year generally is needed to complete vital statistics on births. The figures for 1960, released last month, show 4,257,850 live births in the United States. One-third of all 1960 births were to residents of 24 metropolitan areas, with a million or more inhabitants. The highest rate in such areas occurred in Minneapolis-St. Paul (27.5 per 1,000 enumerated population). The lowest was 20.2 for the Patterson-Clifton-Passaic region of New Jersey.

The number of births by counties ranged from zero for Kala-wao, Hawaii, and the parts of Yellowstone national park that are in Idaho and Montana; this figure does not include bear and moose. The highest number of births was in Los Angeles county, with 136,960. In the five boroughs of New York City there were 157,706 live births in 1960.

### TABLETS OR SHOTS

N. P. writes: Are penicillin

tablets just as effective as shots? REPLY

Both are effective but we never know how much of the penicillin is absorbed when it is taken orally.

### NOT AGAIN

Mrs. E. writes: Can I have a second change of life at age 64? I seem to have the same symptoms I had 15 years ago.

### REPLY

No. I assume you refer to the hot flashes which so many persons associate with the menopause. It is true that this is a common symptom of the change of life but it occurs in women of all ages and in men. In this respect, it is not always a sign of the menopause.

### DRY MILK

Mrs. L. writes: Is dry skim milk as good as the liquid? I'm not as strong as I used to be and find the dry variety easier to carry.

### REPLY

Yes. It has everything in it that whole milk has except water and fat.

To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

## Try And Stop Me

By Bennett Cerf

Two grizzled acrobats who had been the opening act in countless dilapidated vaudeville houses throughout the country wound up one night in a Boston jail, charged with assault and battery in the first degree. They summoned a local lawyer, who asked, "What happened?"

"Well, Bertie here and me," explained the elder acrobat, "had a night before our new show opened so we decided to spend it improving our minds. We hadn't been to a concert in 20 years and I said, 'Bertie, this Boston Symphony is supposed to be the cat's whiskers. So that's where we'll go.' We buy seats in Row A, and watch the conductor come out in white tie and tails. We're impressed. Then he raised his baton and what do you think that orchestra does? PLAYS OUR

ENTIRE OPENING NUMBER!"

"The boss," reported Mr. Hen-peque to his aggressive wife, "turned out to be a real lamb when, like you told me, I demanded a raise. . . . He said, 'Baahh.'"

# PVC Names All-Star Quints; "Eck" Miers Is Coach Of Year

## Three Schools Earn Trophies In Basketball

### Two-Division Plan Fails; Dr. Wayne Hill Elected President

Players of five different schools were elected to the first all-conference basketball team of the Potomac Valley Conference at the spring dinner meeting of the 19 school circuit last night at the Homestead Inn Hotel, Burlington, W. Va.

Coaches of the cage circuit named Michael Long, LaSalle; Orville Harper, Circleville; Don Harmon, Keyser; Roland Hamilton, Paw Paw, and Harold Kerns, Fort Ashby, on the first team.

**Picked On Second Team**

The second team comprises Monty Mathias, Romney; Eugene Taylor, Piedmont; Allan Eisel, Beall; Del Schoonover and James Powelson, of Ridgeley, while third team members are Don Shillingburg, Elk Garden; Bill Kopfle, Bayard Keith Russell, Piedmont; Tommy Jividen, West Virginia; Tommy for the Deaf and David Vance, Moorefield.

Keyser High School (14-0) and LaSalle High School (8-0) were declared co-champions for the 1961-62 basketball season and each school will receive a trophy. Elk Garden High School, which finished in the runner-up spot with a 12-2 record, also will be presented a trophy.

**Miers Is Honored**

Estle "Eck" Miers, of Keyser High School, was voted the basketball coach of the year in the conference and was presented a trophy by Thomas Small, principal of Paw Paw High School and president of the circuit.

A plan to divide the conference teams into two divisions failed when Paul Kalbaugh, of Elk Garden High School, who headed a committee to study the proposed change, announced that a survey indicated the "coaches were not enthused on splitting the conference."

**The Proposed Setup**

It had been proposed that the conference be divided as follows: North Potomac Conference — Bayard, Southern, Elk Garden, Piedmont, Keyser, Beall, LaSalle, Ridgeley and Fort Ashby.

South Potomac Conference — Moorefield, Petersburg, Circleville, Mathias, Wardensville, Capon Bridge, Paw Paw, Romney, West Virginia School for the Deaf and Franklin.

The committee decided that the "disadvantages were greater than the advantages."

Vernon Stagers, principal of Piedmont High School, found fault with the system by which league championships were decided and said he felt teams should be required to play a representative schedule to be recognized as titleholder.

Estle Miers, Keyser cage mentor, suggested that a point system be adopted to determine the winner and he was appointed chairman of a committee to make a study of the matter and report at the next session.

**Dr. Hill New President**

Dr. Wayne Hill, principal of Beall High School, was elected president of the conference for 1962-63 term and Charles Freeland, principal of Capon Bridge High School, was named vice president. John R. Shelton, assistant principal of Keyser High School, was reelected secretary-treasurer.

It was decided to hold the fall dinner meeting of the conference at the Old Homestead Inn Hotel.

A. G. Springer, former Keyser High School principal, now retired, was among the special guests introduced.

All of the nineteen member schools were represented. Seventy-one persons were in attendance.

## Hyndman Edges Gallitzin, 51-49

Bob Fichtner broke loose for a layup goal with 18 seconds to go which earned Hyndman High's Hornets a thrilling 51-49 triumph over Gallitzin High in the inter-district Pennsylvania Class C playoffs at Hollidaysburg, Pa., last night.

The win moved Hyndman into the regionals on Saturday against an opponent not yet decided.

Hyndman trailed by 19 points, 33-23, at halftime but employed a man-to-man press throughout the second half to overcome the deficit. The Hornets tied the score at 44-44 and went ahead 46-44 with about four minutes to play. Gallitzin tied the score at 49-49 to set the stage for Fichtner's winning goal.

Carl Stouffer had 16 points to lead the Hyndman attack while Julian Banged in 17 for Gallitzin.

## Legion Posts 19th Triumph

### Sports Shoppe And K. Of C. Also Win

COUNTY LEAGUE				
Standing of the Teams	W	L	Pct.	
Westernport	19	0	1.000	
Sports Shoppe	12	7	.632	
Wilson Hardware	11	8	.579	
Boal's	9	10	.474	
K. of C.	5	14	.263	
Indep. Merchants	1	18	.053	

The Westernport Legion continued its mastery of the County Basketball League last night by posting its 19th consecutive victory in the circuit, a 67-50 triumph over Wilson Hardware, in the feature game of a tripleheader at Fort Hill High gym.

Don Moran scored 33 points to pace the Westernport cagers who rolled up a 31-16 halftime lead against Wilson's, then held off a second half rally by the losers to sweep the four-game series between the two teams.

Andy Pitko was high man for Wilson's with 10 points as the Hardware team bowed for the eighth time in 19 starts.

In other league games, the Knights of Columbus beat the Independent Merchants, 59-47, and Sports Shoppe took over second place in the standings with a 61-53 triumph over Boal's Funeral Home.

The loss was the 18th of the season for the Merchants as Jim Thompson hit for 24 points to lead the K. of C. assault. Taylor scored 15 points for the losers.

The K. of C. broke away in the fourth period to register its fifth victory after trailing 24-23 at halftime and holding only a 39-36 edge at the end of the third quarter.

Sports Shoppe took over second place with its 12th win, a decision won at the foul line where Sports Shoppe hit on 15-24 chances to 5-7 for Boal's who outscored the winners 24-23 from the field. The loss was the 10th for Boal's.

Ellsworth Lambert tossed in 35 points for Sports Shoppe to maintain his league scoring lead. Dawson had 19 for Boal's. The boxes:

## West Virginia Loses, 90-75, To Villanova

### NYU Victor, 70-50, In NCAA Regional

PHILADELPHIA (UPI)—Villanova roared back in the second half Monday night on fiery performances by Hubie White and Wally Jones to defeat West Virginia, 90-75, before 9,124 in the opening round of the NCAA eastern regionals.

New York University (19-4) sparked by the fine second half play of Tom Boose eliminated Massachusetts (15-9) 70-50 in the opener of the Palestra triple-header.

Villanova, whose early season 12 game winning streak was broken by a six point loss at West Virginia early in January, overcame a 42-39 halftime deficit to overpower the Mountaineers with blinding speed and a 21-for-41 shooting log.

Never in the lead in the first half, Villanova (20-6) finally went ahead 45-44 with three minutes played in the second half and after West Virginia (24-6) tied it at 45-45, it developed into a Wildcat win.

George Leftwich and Jim O'Brien gave Villanova a four-point lead and after West Virginia closed it to one point, Jones and White began their assault.

White with 28 points and Jones with 27 led Villanova in the victory with Rod Thorn pacing the Mountaineers with 23.

VILLANOVA (90)

## Orioles Bow 4-1 To Kansas City

WEST PALM BEACH, Fla. (UPI)—The Kansas City Athletics got five-hit pitching from a trio of pitchers not on their major league roster to defeat the Baltimore Orioles Monday, 4-1.

Bill Fischer, Ken Sanders, and Bob Colligan were the mound heroes for the A's. Fischer, who started the game and pitched the first three innings holding the Orioles to one run on no hits, was the winner. Chuck Estrada, who started the game for Baltimore and was tagged for three runs in the first inning—only one of which was earned—was the loser.

Baltimore	000 100 000—1 5 2
Kansas City	300 000 10x—4 8 1
Estrada, McNally (4), Vineyard (7) and Triandos, Fischer, Sanders (4), Colligan (7) and Bryan, Winner—Fischer, Loser—Estrada.	

## Mets Victorious Over Chisox, 8-4

SARASOTA, Fla. (UPI)—Elio Chacon's bases-loaded triple and four hits by Don Zimmer paced the New York Mets to their second straight victory Monday, 8-4, over the Chicago White Sox.

Left-hander Alvin Jackson worked four scoreless innings on a yield of two hits, one of which was a bloop. Herb Score was the losing pitcher.

New York (N)	004 100 102—8 7 0
Chicago (A)	000 001 021—4 8 2
Jackson, MacKenzie (5), Nuno (8) and Coleman, Score, Herbert (4), McLish (7) and Roselli, Winner—Jackson, Loser—Score.	

## Giants Beat Colts, 6-1

APACHE JUNCTION, Ariz. (UPI)—The San Francisco Giants scored five runs in the last two innings Monday for a 6-1 victory over the Houston Colt .45s.

An inside-the-park home run in the eighth by Manuel Mota gave the Giants two runs and broke a 1-1 tie. Then the Giants added three more in the ninth on five hits, one of them a triple by catcher Tom Haller.

San Fran.	000 000 023—6 13 2
Houston	010 000 000—1 3 0
Larsen, Thomas (4), Holden (8) and Haller, K. Johnson, Stone (4), Nelson (8), B. Johnson (9) and Smith, Winner—Thomas, Loser—Stone.	

## Bolt, Rosburg Tie

PANAMA CITY, Fla. (UPI)—Tommy Bolt of Crystal River, Fla., and Bob Rosburg of Palo Alto, Calif., tied at 68 Monday for the lead in the two-day, \$6,000 Little Tournament of Champions golf tournament.

## Robbie's, Somerset Cop Senior Division Wins

### Company C Beats Peskin's; Nave's, Lover's Leap Victors

Robbie's Plumbers and Company C, Medium Tank Battalion of Somerset, Pa., scored impressive victories last night in opening round play in the Senior Unlimited Division of the Central YMCA-Jaycees Basketball Tournament at the "Y."

With three players hitting in the double figures, Robbie's cagers took a 28-8 halftime lead against the Keymont Boys and went on to win an easy, 78-30 triumph in the first of the two Senior classes on last night's opening card.

Jim Evans and Ray Keefer each scored 14 points while Bill Willson chipped in with 13 to pace the Plumbers' 29-goal attack. No player had more than six points for the Keymont team.

In the second Senior Division tilt, Company C ushered out Peskin's, 64-50, to advance into the second round.

**Paszkorz Scores 30**

Trailing at the end of the first three quarters, Company C's tankmen rallied for 24 points in the last period to down the Shoemakers.

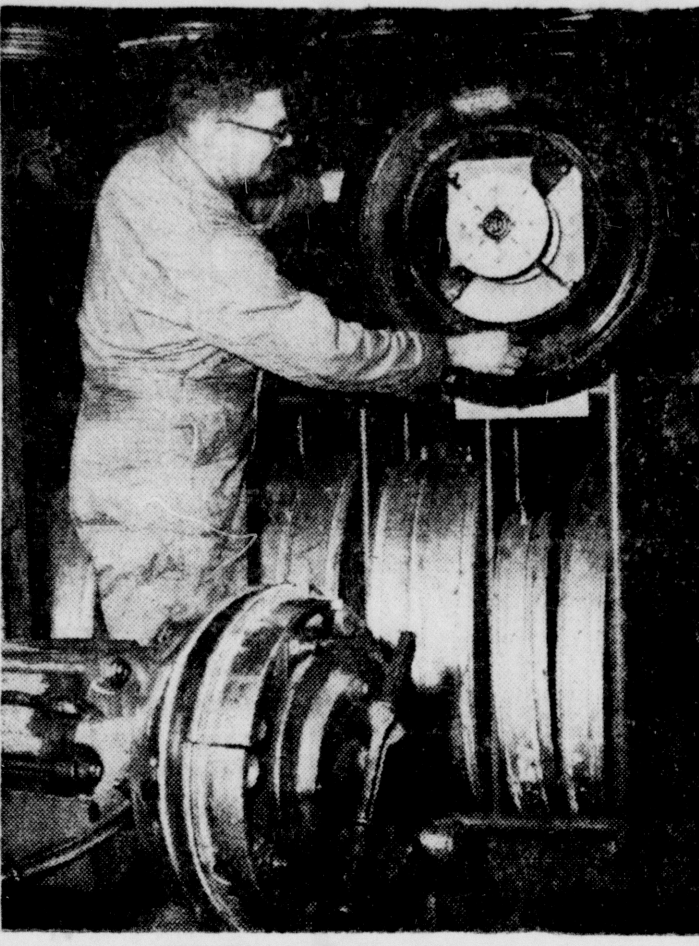

Mike Paszkorz was the big gun for the Somerset tossers, pouring in 30 points for game scoring honors. Junie Perry was Peskin's top bomber with 17 tallies.

## Today's Schedule In "Y" Tourney

## Pittsburgh Hopes For Comeback With About Same Team That Did Nose Dive From First To Sixth Last Season

Photos by Frank Kuchirchuk

**Indict Racing  
Paper Owners**  
Publications Carry  
Tracks Information

WASHINGTON (AP)—The owners of two horse racing publications were indicted Monday on charges of violating laws against interstate shipment of gambling materials.

The indictments were returned by a federal grand jury in Louisville, Ky., was the first involving top scratch sheets under the government's new antiracketeering laws.

The publications carry detailed results, entries, odds and other information on racing at tracks throughout the nation.

Named in the 12-count Louisville indictment, Kennedy said, were the Illinois Sports News of Chicago, the Louisville Daily Sports News, George L. Kelly, 49, his brother, Thomas Francis Kelly Jr., 31, all of Chicago.

Indicted with them, Kennedy said, were Louis Ekeman, 61, Lexington, Ky., publisher of the Louisville Daily Sports News, and the Kentucky News Co. Inc. of Louisville, which distributes publications to retailers.

The attorney general said all the defendants were charged with conspiracy and with illegally shipping copies of the Louisville Daily Sports News from Kentucky to Indiana for use in bookmaking.

## Howard Paces Yankees Win

**Belts Two Homers  
As Nats Bow, 7-3**

POMPANO BEACH, Fla. (UPI)—Red-hot Elston Howard hit a pair of homers, and his third in two games, to pace the New York Yankees to their third straight victory, 7-3, over the previously unbeaten Washington Senators on Monday.

The Yankees collected 11 hits, six of them for extra bases. Bobby Richardson contributed a triple and a double. Bill Skowron and John Blanchard also hit one double each.

Dale Long hit a home run for the losers, their only extra base hit. Robin Roberts, one-time National League star, got the victory. Starter Bennie Daniels was the Washington loser.

Next—Chicago White Sox

## Bucs Win, 6-4, On Rushing's Hit

**Fort Myers, Fla. (UPI)—**

Gary Rushing, rookie Pirate catcher, hit a two-run double off the Phil's Ed Lunford Monday to bring the Pirates their first victory of the spring, 6-4.

Tony Gonzalez hit a two-run homer for the Phils off Roy Face, while Bob Clemente hit one with a man on against John Bozzer for the Pirates. Dick Stuart also hit a Pirate homer.

Philadelphia 600 220 000—5 13 3  
Pittsburgh 600 021 215—4 12 2  
Gonzalez (4), Bozzer (4), Lunford (7) and Oldie, Friend, Face (4), Lamabe (7) and Leppert, Rushing (7). Winner—Lamabe. Loser—Lunford. HR—Gonzalez, Clemente, Stuart.

Next—Cleveland Indians

## Indians Nip Cubs

**MESA, Ariz. (UPI)—**

The Cleveland Indians won their third straight game Monday when they nipped the Chicago Cubs 3-4 in 12 innings. It was the third one-run loss in a row for the Cubs, all due to defensive blundering.

Cleveland 310 000 000—5 13 3  
Chi. (N) 600 200 000—4 12 2  
Bell, Rudolph (4), Funk (7), Allen (10) and Chiti, Larry, Schandevell (4), Prince (7), Stevens (10), Genger (12) and Taylor, Thacker (10), Barragan (12). Winner—Allen. Loser—Roberts. HR—Kirkland, Altman.

# Man Fatally Injured By Car Near Rawlings

Russell Crossland Dies In Hospital

A 42-year-old Rawlings area man was fatally injured last night when he was struck by an automobile on U.S. Route 220 near his home.

The victim was identified as Russell P. Crossland, who died shortly after being admitted to Potomac Valley Hospital at Keyser, W. Va.

Tfc. Thomas E. Ruppert said Mr. Crossland was struck by a car operated by Wilbur R. Buckley, 38, Thomas, W. Va., who was headed toward Cresaptown.

Tfc. Ruppert said Mr. Crossland had parked his car on the west side of Route 220 facing Keyser and was headed toward a farm tractor which was parked on the opposite of the highway. It was reported the victim planned to bring the tractor across the highway and use it to travel up a roadway to his home which is located some distance from Route 220.

The trooper said Mr. Crossland started walking along the edge of the highway toward Cresaptown as he was waiting for a car to pass which was going toward Keyser. As soon as the car passed, the victim started across the highway and was struck by Mr. Buckley.

Mr. Crossland was taken to the hospital by an ambulance from the Rogers Funeral Home in Keyser, but died several minutes after he was delivered there. Death reportedly was caused by head and internal injuries.

Mr. Buckley is a resident of Thomas, but has been residing at Cresaptown while working at Allegany Ballistics Laboratory.

No charges have been placed against him pending the outcome of the investigation. Tfc. Ruppert said. The accident occurred shortly after 7 p.m. about two miles south of Rawlings.

# Nelson Humes Joins Council At Lonaconing

Nelson Humes, a retired glassblower who served a term in the Lonaconing town council about 1927 and 1928, was appointed last night to fill a vacancy on the council.

Mayor Harold W. Moyer and Councilmen Alex Patton, Benjamin E. Zarger and James Berry, considered four applications before agreeing on Mr. Humes. The other applicants were William R. Nolan, James L. Jones and Raymond Ralston.

Councilman Humes will fill the post of finance commissioner. Councilman Berry, who has been finance commissioner, now becomes commissioner of streets.

The vacancy on the council occurred when Mayor Virgil Alexander resigned because of ill health and Commissioner Moyer was selected by council to serve as mayor.

Council granted the Allegany County Board of Election Supervisors permission to use the town hall on April 11, 12, 13 and 14, for the purpose of registering voters for the county and state elections.

Council agreed to begin its warm weather schedule of two meetings a month with the next council session on April 2.

# Rotary To Hear Polish Diplomat

A representative of the Polish Embassy in Washington, D. C., will be the guest speaker next week at a luncheon meeting of the Cumberland Rotary Club.

Tadeusz Grzybowski, commercial counselor of the Polish Embassy, will speak on "Polish-U. S. Relations," in connection with World Understanding Week, March 18-24.

Each year Rotary clubs throughout the world observe World Understanding Week which is dedicated to the advancement of international understanding, goodwill and peace through their world fellowship of business and professional men.

The club also plans to hear a representative from another embassy at its meeting on March 27. Both meetings will be held at 12:15 p. m. at Central YMCA.

# Building Trades Council To Meet

The Building and Construction Trades Council will meet today at 8 p.m. in the Allegany Labor Temple, according to Harry Hickie, president.

He said the 13 craft unions affiliated with the council have held two amicable meetings with area contractors.

Another meeting has been set up for March 23 at 10 a.m. in the Fort Cumberland Hotel to work out terms of a contract to replace the pact due to expire on April 30.

The council, he added, expects to reach a mutually satisfactory agreement.

# Registers For Election

James Hill, Winchester Road, was one of eight residents of the Cresaptown taxing area who registered yesterday prior to the April 2 election of the Cresaptown Civic Improvement

Association. There are now 669 eligible voters in the community. Also in the picture are Mrs. Geraldine Long, center and Mrs. James Glover, clerks who signed up the new registrants.

# Eight Cresaptown Voters Register For Election

Eight residents of Cresaptown yesterday registered at the water office in that community and are now eligible along with 661 other residents who can now cast a ballot in the April 2 election of the Cresaptown Civic Improvement Association.

Clerks on duty yesterday were Mrs. Geraldine Long and Mrs. James Glover.

Six candidates will be seeking office in the association election on April 2 from 9 a. m. until 7 p. m. at the Water Office.

The candidates are Charles Flinn, Robert Shaffer, Gerald Pase, incumbent president, John Shoup, incumbent secretary, Chris Snyder and Roy Nicholson.

# Morals Case Heard Here

Associate Judge W. Earle Coby yesterday delayed sentencing Frederick R. Metzner, 23, of 1149 Braddock Road, who was tried in Allegany County Circuit Court on a morals charge.

He ruled out a motion for acquittal by Thomas N. Berry, attorney for the defendant, and withheld sentencing the man until he receives a report from James Lewis, probation officer.

Metzner was returned to the county jail by Deputy Sheriff George Harris.

The defendant was found guilty of one of two counts in the criminal information filed by the state's attorney.

The trial opened yesterday morning and ended about 3 p. m. Among those who testified were Tfc. George C. Wachter and Trooper Joseph A. Smith of the State Police; Tfc. Milton G. Hart, criminal investigator for the State Police; Edwin R. Liliya, criminal investigator for the county; Marie H. Stewart, Roy Stewart and Dr. C. N. Foote.

The state's case was presented by Donald W. Mason, deputy state's attorney.

# City Plans Tests For Bookkeeper

The Civil Service Commission of the City of Cumberland will accept applications for the position of bookkeeper until March 26.

The position will be for bookkeeper in the Finance Department, where a vacancy will be created when Miss Nell G. Cozad retires on March 30.

Applicants must be at least 21, residents of Cumberland for two years and must have completed high school, including or supplemented by a qualifying course in bookkeeping.

Three years' experience in general bookkeeping in industry, business or government are required for the position which has a salary scale ranging from \$3,640 to \$4,342 a year.

Applications may be received from the office of the City Clerk at City Hall and must be submitted by 5 p.m. on March 26.

# Friends Aware Chapters To Meet

Cumberland, Frostburg and Westernport chapters of Friends Aware of Handicapped Children will meet today at 7:30 p. m. at the Friends Aware training center, 417 Virginia Avenue.

The meeting was scheduled last Tuesday and postponed because of the heavy snow.

# Births

Memorial Hospital  
Mr. and Mrs. George D. Ayres, Barton, a daughter yesterday.

# Military Association Accepts Continentals

The Continentals, Cumberland's Civil War infantry company, recently was accepted into the Blue-Gray Military Association, a four-state organization composed of northern and southern reactivated Civil War units of artillery, infantry, cavalry and medical corps.

A constitution for the association was adopted in September 1961, and the group, comprised of units from Pennsylvania, Virginia, West Virginia and Maryland, has started the process of incorporation.

Only five units were affiliated at the beginning, but the association has more than doubled since then. Its next meeting will be held March 18 at 3 p. m. at South Hagerstown High School. Qualified units have been invited to send representatives.

One of the main purposes of the association is to encourage interest in the Civil War celebration. All the units in the association have appeared in numerous skirmishes, parades and other commemorative functions in observance of the 100th anniversary of the Civil War.

Every member of the association has been instructed on tactics and strategy of Civil War soldiers and battles. Using this knowledge as a basis for their portrayals, members of the association have received medals and letters of praise for their performances in the Civil War commemorations.

# Red Cross To Mark 10th Anniversary Of Blood Program

The tenth anniversary of its participation in the blood program will be observed by Allegany County Chapter, American Red Cross, March 22, according to Mrs. Harry Beneman, blood chairman.

The chapter will mark the anniversary with a tea for all its volunteers in the program at B'er Chayim vestry rooms, corner Centre and Union streets, at 1:30 p. m.

All current volunteers and those who have worked in the program the past ten years are invited to attend.

# 4-H Boys Plan Recreation Night

Members of Boys' 4-H Clubs of Allegany County will take part in the annual Recreation Night program which will be held Friday, March 16 at 7:30 p.m. in the Fort Hill High School gymnasium.

Joseph M. Steger, county farm agent, said that Eugene J. Hopkins, visiting teacher of public schools in the county, will conduct the program again this year.

Those participating in the program are to wear tennis shoes or socks, according to Mr. Steger, who said the event will consist of team games, relays, sack races and other competitive games.

A small admission charge will be made to help cover expenses of equipment, prizes and refreshments. Parents and friends of members are being invited to attend and watch the 4-Hers in action.

Last year about 100 members attended the program, he said.

# Meter Income Up

Parking meter revenues for the week of March 4 totaled \$962.26, an increase of \$159.06 over the previous week.

# Group To Meet

The Young Adults Cabinet of the Methodist Sub-District will meet today at 7:30 p. m. at the home of Juanita Prine, 120 Columbia Street.

# Three Injured In Auto Crash East Of Here

Local Boy Hurt In Bike Mishap

Three persons were injured yesterday in a rather spectacular one-car accident on U.S. Route 40 about a half mile east of Nave's Crossroad and a local youngster was hurt when his bike collided with an auto on Williams Street.

The driver of the car, Basil Thomas Marks, 55, of Williams Road and his wife, Olive P. Marks, 45, were taken to Sacred Heart Hospital for treatment and X-rays.

Treated at Memorial Hospital was Earl Cooper, 54, of Williams Road, a passenger in the car. All three were taken to the local hospitals in the McDonald ambulance.

Trooper John W. McFarland said Marks will be charged with reckless driving and is expected to be given a hearing here on Saturday morning.

The state trooper, who was at the accident scene minutes after it happened, said that Marks was traveling east on Route 40 and lost control of the car on a curve.

The vehicle careened off the south side of the highway and traveled back across the highway sliding sideways into a culvert and turned completely over landing on its wheels.

Trooper McFarland said the accident occurred at 4:45 p.m.

A nine-year-old local boy was injured when he lost control of his bicycle and collided with an auto on Williams Street just above Elm Street.

Dennis G. Sulser of 323 Emily Street, sustained abrasions and contusions of his back and scalp and complained of pain in his left leg and shoulder. He was treated at Memorial Hospital.

Driver of the car was 74-year-old George N. Phillips, 627 Hill Top Drive, who was traveling east on Williams Street, the same direction the cyclist was riding.

Young Sulser apparently lost his balance on the bike which went to one side and collided with the car about 2:30 p.m. No charges were preferred, said city police Officer Joseph Harvey.

# LaVale PTA To Meet Thursday

LaVale PTA will meet Thursday at the school with room visitation from 7:30 until 8 p. m.

A business session will be conducted by R. W. Phillips Jr. at 8 p. m. at which time committee reports will be heard.

An audience participation program in the form of a musical quiz will follow, with Theodore P. Foote, program chairman in charge.

Second and third grade mothers of Mrs. Nellie Rizer's room will serve refreshments. Mrs. Russell Bucy Jr. is chairman.

# Aging Unit Participates In 40-Plus Employment Plan

March has been designated by Governor Tawes as Forty-Plus Employment Month to encourage state employers to eliminate age restrictions from their hiring policies.

In cooperation with the program, the Allegany County Commission on Problems of the Aging, Rev. Robert W. Current, chairman, is conducting a publicity campaign at public meetings such as church groups, lodge meetings, PTA's, committee meetings and other public gatherings. Bumper strips also are being distributed.

Rev. Mr. Current said the purpose of the forty-plus employment month is an effort to get all employers to think in terms that "ability is ageless." He said it is not a campaign of charity, but a realization that many skilled individuals are not given a chance to contribute their abilities "if they can not get employment when they have passed the age of 40."

The program is seeking to have employers hire on the basis of ability, regardless of age. The campaign is also aimed at the 40 plus workers to remind them that their skills are needed and that they should keep their skills sharpened or even learn additional skills, Rev. Mr. Current said.

# Withdrawals Reduce Field For Primary

Tavernkeeper Leaves Contest

ANNAPOLIS (AP)—The bulky field of candidates for Maryland's May 15 primary began slimming down Monday as the deadline approached for withdrawing from the races.

With six hours to go before the midnight deadline, one of the nine opposing Gov. Tawes for Democratic nomination pulled out. He is William Carl Lehnert, a Baltimore tavernkeeper.

Several others were expected to peel off the Democratic ballot later Monday.

On the Republican side, at least one of four candidates for governor was scheduled to withdraw leaving major organization backing to former Rep. Frank Small Jr. of Prince Georges County. David Scull, Montgomery County GOP leader, announced he would withdraw and support Small.

Other Republican candidates were Mrs. Karla M. E. Balentine of Bethesda and Joseph L. Pavlock of Silver Spring.

There also had been a withdrawal by 6 p.m. in the five-man Republican race for U. S. Senate with some others expected. Herman L. Mills, former mayor of Hagerstown, withdrew in favor of former Rep. Edward T. Miller of Easton, who will receive state organization backing.

The five-man Democratic field also was expected to be reduced by one or two.

Other withdrawals during the day included:

David E. Matzke of Kensington from a three-man Republican race for congressman-at-large, leaving the field to Newton I. Steers of Bethesda and Robert E. Ennis of Capitol Heights.

John J. Bauer of Baltimore withdrew from the 3rd District Democratic congressional race in the city leaving Rep. Edward A. Gar-matz and Peter J. Ladzinski as the only candidates. There is no opposition from the Republican side, but the GOP state central committee has until 15 days before the primary to fill vacancies on the ballot.

In judgeship races, Richard H. Love and J. Edwin Hutchinson, both of College Park, removed themselves from the running for four circuit judgeships in Prince Georges County. This left uncontested the four judges who had been appointed by Gov. Tawes: Ralph W. Powers and William B. Bowie, both of Upper Marlboro, Roscoe H. Parker of Cheverly and Ernest A. Loveless Jr. of Clinton.

Joseph M. Mathias of Kensington pulled out of the race for a new Montgomery Circuit Court judgeship, leaving a five-man field which had cross-fired on both the Democratic and Republican ballots.

# Lee Withdraws From Demo Contest

ANNAPOLIS (AP) — J. Tyson Lee of Frederick withdrew Monday night from the Democratic race for governor, saying his candidacy is no longer necessary to thwart the bid of George P. Mahoney.

"I entered this race to inform the people about Mahoney," Lee said as he picked up his \$290 filing fee at the secretary of state's office.

"I have just completed my second tour of the state and I find that Mahoney has no strength at all, his campaign never got off the ground...the ship's falling apart. Some of his candidates want to get off his ticket but don't know how to manage it."

# Pedestrian Injury Suit Is Settled

A friendly damage suit which stemmed from an accident in which a pedestrian was injured here last year was settled out of Allegany County Circuit Court.

Papers filed in court indicate that Daniel Vaughn Dormio, son of Vito Joseph and Margaret Dormio, 412 Columbia Street, was injured December 28, 1961, while walking on the sidewalk on Valley Street near Henderson Avenue.

The suit was filed against Orlando T. Lynch and Wealthy P. Lynch, 215 Pear Street. Mrs. Lynch was driving her husband's car which went up over the curb and hit the plaintiff, hurling him to the ground.

James S. Getty was attorney for the plaintiffs and C. William Gilchrist, attorney for the defendants. Both sides agreed on a settlement of \$150. The suit was in the amount of \$500.

# The Weather

FORECASTS  
Maryland—Mostly sunny today, high in the 40s. Fair and colder tonight.  
West Virginia — Partly cloudy and colder today with light rain mixed with snow. High in the upper 30s.  
Pennsylvania — Cloudy today with occasional rain. High between 34-40.

6 p. m. 50 Midnight 41

# Intersection Safety Plan Is Sought

Meeting Is Set This Morning

Representatives of the Cumberland Police Department and the State Roads Commission will meet this morning in connection with the Frederick-Decatur street intersection problem, according to Police Commissioner Philmore Fleming.

Attending the on-the-site meeting at 9:30 a.m. will be Mr. Fleming, Chief B. F. Gaffney and Lt. Raymond R. Johnston. The State Roads Commission delegation will be headed by John R. Bushby, District 6 engineer.

Mr. Fleming said attempts will be made to work out a traffic control system which will help alleviate the dangerous traffic situation there.

He said it is possible that additional signs warning of the intersection might help, or that a traffic light with a larger lens might reduce the danger.

The Police Department, he said, wants to do something before someone else gets hurt at the intersection.

Mr. Fleming said police also want to discuss with the SRC officials the situation at the Henderson Avenue-Bedford Street intersection.

He said traffic often backs up on Bedford Street for long periods because vehicles cannot enter the avenue.

# Downtown Unit To Make Plans For Race Days

A Downtown Cumberland Business Association committee will meet today at 2 p.m. in the Chamber of Commerce office to work out plans for activities in connection with the Sports Car Races planned here May 11-13.

The committee will include Morton W. Peskin, James E. McGarr, Arthur Friedland, Simon Rosenberg, John R. Wilkinson and Samuel Moses.

The committee was appointed yesterday by Mr. Moses, association chairman, at a luncheon meeting in Central YMCA.

During the session, the merchants heard a discussion on possible off-street parking developments.

A letter of commendation was sent to the Chamber of Commerce on its new office at 68 Baltimore Street.

A discussion on a fashion promotion for the Easter season was held, and plans made to appoint a committee to work out plans.

# Helicopter Lands Near Motel On Route 40

A helicopter beside the Gay Point Motel on U. S. Route 40 at its intersection with Braddock and Winchester roads attracted some attention in that LaVale area last night.

The helicopter has been hired by the Potomac Edison Company to enable an inspector to check the lines in the system and report where trees may be a danger to them.

Staying at Gay Point are Melvin Davis, the pilot, who is connected with the Miller Aviation Service of Pittsburgh, and Allen Secor, the PE inspector for the flights. They plan to take off from the motel about 8 o'clock this morning.

# Pickaway Boy Wins Contest

ELKINS, W. Va. (UPI)—Jeffrey Schmitt, a 16-year-old high school sophomore from Pickaway, Monroe County, won the annual West Virginia American Legion oratorical contest here Monday.

Schmitt, a student at Union High School and son of Mrs. Ruth Schmitt, won over two other sectional winners in the state finals here and qualified for a national sectional contest.

Second place went to Thomas L. Craig Jr., Elkins, and third to Paul Kellis, Wellsburg. Schmitt received a \$100 cash prize and the runnersup \$50 each, in addition to state college scholarships given to all district winners. The national winner receives a \$4,000 scholarship.

Each contestant gave a 10 to 12 minute prepared oration on the subject of the U. S. Constitution. Schmitt's was titled, "Our Constitution Under Attack."

He will compete in the national sectional against winners from Virginia, North Carolina and Tennessee at a date and place to be set later.

# Will Build Home

Kenneth C. Wilson, Mason Road, secured a permit from the City Engineer yesterday to build a one-story dwelling, with basement garage, on Rollin Terrace. It will be 86 by 60 feet and of brick veneer construction.

# Foot Traffic Bell System Is Operating

Signals Start Of Pedestrian Cycle

Bells to signal the beginning of the foot traffic cycle at street intersections on Baltimore Street were placed into operation yesterday.

Pedestrians caught on immediately and appeared well satisfied with the innovation made by the Police Department.

Police and Fire Commissioner Philmore Fleming said the bells were placed at the intersections to indicate when 'foot traffic' should begin moving.

Prior to the installation of the bells, pedestrians had to watch the "Walk" and "Don't Walk" panels at the intersections.

Is Safety Plan  
These visual signals will continue to operate as usual, and the bells merely signal the beginning of the foot traffic cycle.

Mr. Fleming said the bells were installed as a safety measure to tell people when it is safe to cross intersections.

He said the signals should be quite an advantage to people with poor eyesight and to people who are not familiar with the system. The bells are also expected to make the crossings safer for youngsters, since parents can stress to them to "cross when the bell rings."

Mr. Fleming said the system is in use in a number of cities in Pennsylvania and Florida.

Actuated By Lights  
The bells, which operate for two seconds, are set to ring when the signal light moves to the foot traffic cycle, and are actuated by the signal device.

They were added to the system by the Koonz Equipment Company of Pittsburgh, which recently installed traffic lights at the Henderson Avenue-North Mechanic Street intersections.

Simple controls are provided on the bell mechanism so the bells can be made louder or softer.

# Georges Creek Dumping Ban To Be Enforced

A stern warning was issued by Mayor Harold W. Moyer and members of the Lonaconing town council last night concerning the practice of indiscriminate dumping in Georges Creek and feeder streams which flow into the creek.

Lonaconing officials said there is a town ordinance which provides a fine of from \$5 to \$50 for each conviction of dumping refuse, trash, garbage, leaves or any other material in the streams.

Recently, it was pointed out, signs warning against dumping have been destroyed, mutilated or removed. Member of the town police force were instructed to strictly enforce the ordinance against dumping in the streams and regardless of who is involved, council said it intends to prosecute.

Mayor Moyer pointed out that this habit of dumping in the streams is a serious health menace and can no longer be tolerated even in a minor degree.

A letter from the Maryland Department of Health was read, reporting that the town's water supply is safe for domestic use, and meets the state's standard specifications for safe public health.

# Error Found; Mathias Faces Primary Rival

ANNAPOLIS (AP) — Rep. Charles Mc. C. Mathias is being opposed in his bid for Republican nomination to Congress from Maryland's 6th District by William J. Amelise of Rockville, the head of a savings and loan association.

A list of candidates published after last week's filing deadline for the primary erroneously listed Amelise among Democratic candidates for the seat.

He and Mathias are the only two Republican candidates in the Western Maryland race.

# Cars Are Stripped Of Equipment

John Lechlitter, South George Street, notified the Detective Bureau yesterday that a fender skirt and two chrome strips were taken from his car parked on South George Street over Sunday night.

Lester D. Eckard, 743 Maryland Avenue, told police four hubcaps had been stolen from his parked car as it was parked at the rear of his home.
